Two-Day Attendance at Fair Above Figures for Last Year

Admissions Placed At 6,700; Judging Starting Today

Thousands of persons jammed the Marion County Fairgrounds over the weekend as the 105th Marion County Fair opened a six-day-and-night session.

Saturday the paid attendance was 2,700, some 400 over the 2,300 paid admissions on opening day last year. Fair officials did not begin collecting admissions until 4 p.m. because of the large number of livestock entries being brought into the grounds through all entrances. They estimated there were at least 5,000 persons on the grounds during the day.

—:—

THE PAID attendance Sunday was 4,000, bringing the total paid attendance for the first two days to 6,700.

Hot weather kept a large number of patrons home Sunday afternoon. Fair officials said the greatest influx of people Sunday was in the evening when a cooling breeze helped to make the day more bearable.

It was so hot Sunday that public church services in the morning were moved inside the Coliseum, out of the heat of the midday sun. They were scheduled to be held at the grandstand. Those services were conducted by Rev. Gene Clark of the Salem EUB Church, with music furnished by the Salem Church choir.

—:—

FAIR OFFICIALS termed the large turnout Saturday "exceptional" for an opening day crowd. They exressed the hope the good crowd Saturday was the signal for an especially good attedance at the other sessions of the fair.

A program of harness racing and a baton twirling and talent contest helped to draw the crowd Saturday. Sunday's turnout was drawn mainly by afternoon and evening performances of an auto daredevil show featuring competition between three groups of drivers. The grandstand was filled for both performances.

ANIMALS DRAW most attention at any county fair and those at the Marion County Fair, which opened Saturday, are no exception. Here Billy Sager, 5, and Sammy Sager, 10, of LaRue take a close look at a pen of hogs on display at the fairgrounds. The boys are the sons of Mr. and Mrs. Ben Sager of LaRue. The hogs will be judged Tuesday, the second day of livestock judging for the fair. The fair will last until Thursday.

The fair's midway this year seemed more crowded than usual with games, rides and other attractions. Fair officials commented that there were more rides this year helping to give the midway a better appearance.

Attracting a large number of persons over the weekend was a penny arcade featuring a large variety of games which attracted young and old alike.

Also attracting good attention was a display of rabbits put on by members of the Central Ohio Rab-

Flood Toll for Seven States Nears 200, Still Increasing

130 Persons Missing In Pennsylvania, Connecticut

By The Associated Press

A staggering job of rehabilitation faced flood-wrecked communities of the Northeast today as stunned survivors found the death toll steadily mounting toward the 200 mark.

The known dead already numbered 186. As additional victims were discovered, it appeared the final count would go well above this figure. Pennsylvania and Connecticut, the states hardest hit, estimated a total of as many as 130 persons still missing.

The latest count since the beginning of the floods last Thursday was: Pennsylvania, 93; Connecticut, 66; Massachusetts, 13; Rhode Island, 1; New Jersey, 6; New York, 4; Virginia, 3.

As the rampaging streams and rivers receded to normal levels, astonished citizens surveyed the heart-breaking devastation. It was so vast that only the broadest estimates of the damage could be made, but these ran to billions.

Homes were wrecked or completely gone. Factories were damaged, some beyond repair. Bridges were down and roads washed out, with asphalt surfaces churned up.

Health hazards were a major problem. Flood survivors in most places were ordered to boil drinking water. Emergency antityphoid serums were flown into isolated communities by helicopter.

Dry ice was an emergency item and supplies were commandeered to refrigerate vital food supplies where regular refrigerators were still without electric power.

On top of all their other problems, many flood survivors looked ahead to an uncertain future with their regular jobs gone, at least temporarily.

Helicopters Rush Aid

In Torrington, Conn., once a thriving industrial city of 28,000, dozens of stores were smashed and factories put out of order. Bridges were gone and vital supplies were flown in by helicopters using a schoolyard for an emergency landing field.

Normal life was brought to a standstill in Putnam, Conn., where floods and uncontrollable magnesium fires had combined to wreck the town.

"We're done. This valley is dead," a veteran textile worker commented to an Associated Press reporter who managed to get to the stricken community.

The worst single tragedy occurred near Stroudsburg, Pa., where Brodhead Creek swept over a summer vacation camp and carried away 40 persons, mostly women and children. Nine persons survived to tell of the horror when the flash flood collapsed a building in which the campers had sought refuge. The others were dead or missing.

Stream Rises Swiftly

Brodhead Creek, fed by torrential rains and the collapse of mountain dams, rose 25 to 30 feet within 15 minutes. It devastated parts of Stroudsburg, a Pocono Mountain resort center.

Fortunately, most other camps in the flood areas were above the torrents, or the campers were able to reach safety without major tragedy.

Among these were 80 youngsters from a camp at Bantam Lake, Conn., who were fished from the floods Friday by motorboats.

One father hired a helicopter and flew into an isolated camp at East Stroudsburg to bring out his two children and four others. Except for being cut off by impassable roads, things were "completely normal" with the camp and its 400 campers, he reported.

The first repair efforts went to restore utilities and open roads into the flooded districts. By Sunday many places at last had electricity and gas again and tele-

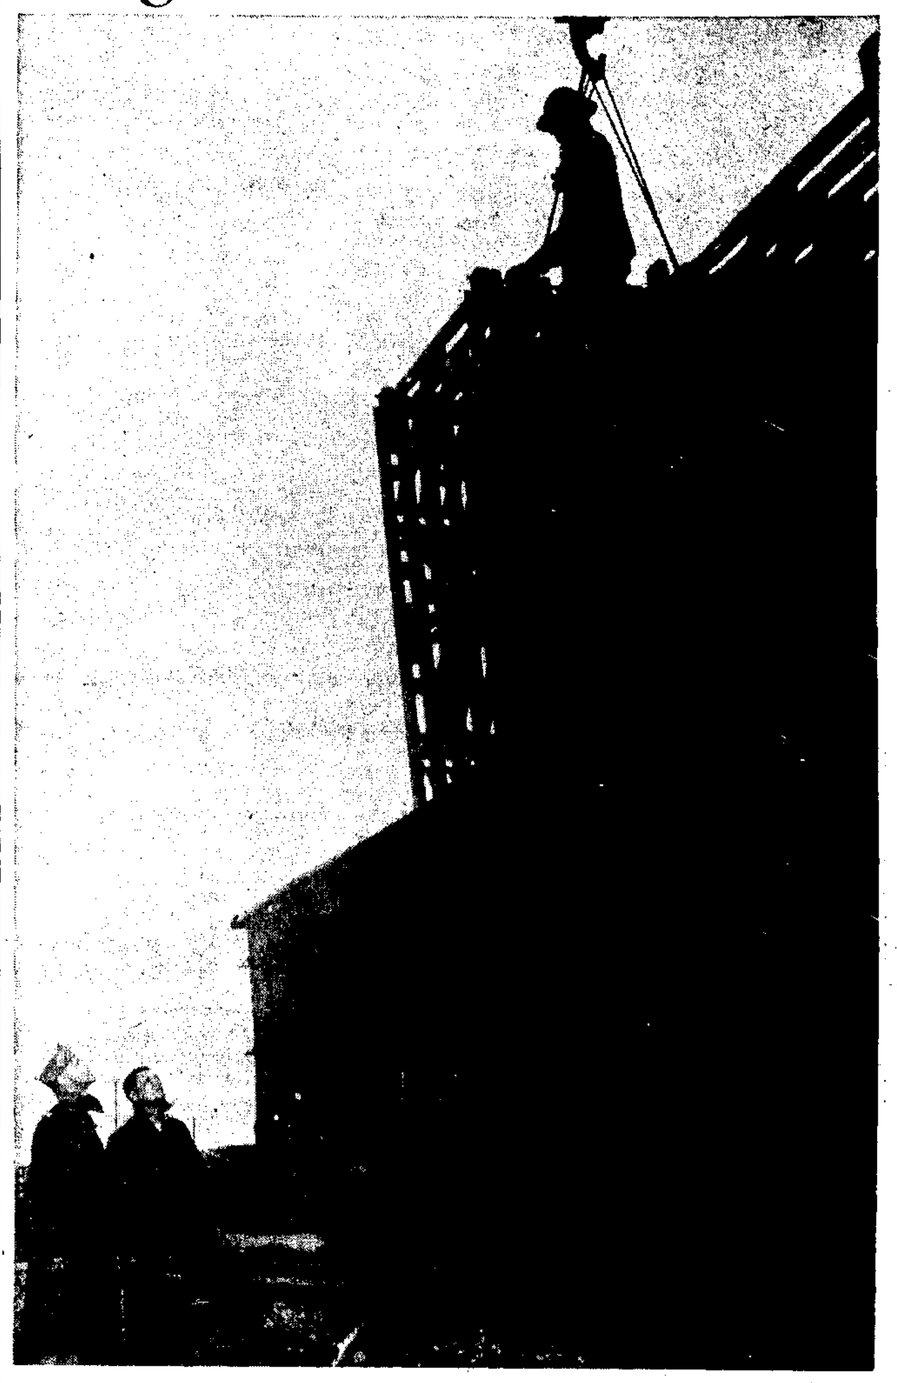
Bridges Go to Flooded States



MORE BRIDGES for the New England and Pennsylvania flood disaster area were being readied for shipment today from the Marion Engineer Depot. Employes completed shipping 12 Bailey bridges at 5 a.m. Sunday and were then placed on standby to await additional orders.

About 8:30 p.m. Sunday, depot officers received orders from Washington to ship six 80-foot spans of the bridges to Hartford, Conn. These spans, which will be used in Oxford, Charlton and Southbridge, Mass., were loaded by 5 a.m. today.

Then at 8:15 a.m. today, orders for two more 80-foot spans were received with Massachusetts as their destination. It is expected that additional orders will be received until the emergency is under control, Maj. William H. Armstrong, public information officer, reported.

France Seeks End To Morocco Strife

CASABLANCA, Morocco (AP) — Grim French troops and Foreign Legionnaires chased rebel bands in the Moroccan hills today as the official death toll from bloody weekend rioting across French North Africa neared the 800 mark.

Quick action restored a semblance of order in Algeria, where most casualties occurred, but violence continued in Morocco as French foot troops supported by tanks and jet planes fought back at the terrorists.

Talks Scheduled

In a desperate bid to restore peace to France's shattered North African holdings, Premier Edgar Faure, Foreign Minister Antoine Pinay and other top French figures hastened to the French resort of Aix le Bains today for a week of talks with Moroccan leaders. Their aim is a plan for granting more self-rule to the protectorate.

The official death count for the weekend blood bath in Morocco and Algeria totaled more than 764, with the figures still climbing. Experienced observers believed the toll would reach 1,000.

In Paris, the Paris-Presse, one of the French capital's best edited nonpolitical newspapers, said that 1,341 Europeans and Arabs were killed in the rioting. It listed 836 killed and 222 wounded in Algeria. Its figures for Morocco were 505 dead and 230 wounded.

Early today the count stood at more than 210 dead in Morocco—90 European civilians, 20 French and native troops and more than 100 Moroccan rebels. The listed toll was 485 terrorists and 69 French dead in the Constantine area of neighboring Algeria, where the nationalists launched a mass attack in an effort to profit from the Moroccan unrest.

U. S. Bases Unharmed

Despite the widespread violence, U.S. air bases in Morocco apparently escaped unscathed over the weekend.

Most of the large cities in Morocco and Algeria were silent under a tight curfew.

U.S. Farmers Advocate More Visits to Russia

Delegation Arrives in Berlin After Month's Tour in 3 Provinces

BERLIN (AP)—The U.S. farm delegation to the Soviet Union headed homeward today advocating more such exchanges of visits between Americans and Russians.

"They have the most to gain by exchanges now, but later we might gain considerably," said the leader of the group, Dean W. V. Lambert of the University of Nebraska Agricultural School.

Says Tension Eased

The party of farmers, educators and newsmen arrived in Berlin by plane Sunday after a month's tour of Soviet farmlands in Russia, the Ukraine and Siberia. They split up here, some remaining in Berlin for a few days, some flying home directly and others stopping in other West European cities.

Dean Lambert said he was sure "we made some friends in Russia and the tension we first felt when we went there did not exist when we left."

"Similar exchanges would be desirable to break down the barriers," he continued. "These people are tremendously isolated, and anything we can do in this direction would be helpful."

Average Russian Friendly

Another of the group, Ferris S. Owen, of Newark, Ohio, said the Russian peasant has only the bare necessities of life — a roof over his head and enough clothing and simple food. But "they all felt they have it better now than ever before," he added.

The farmers said everywhere they went "the simple Russian was friendly." Dr. William E. Reed, dean of the Agricultural and

Prove Worth in Peacetime Disaster

Helicopter Crews Draw Praise in Flood Missions

STROUDSBURG, PA. (AP)—The work of military helicopter units in flood-ravaged northeastern Pennsylvania drew a "splendid job" comment today from disaster workers.

The Army, Navy, Marine and Coast Guard aircraft have been everywhere. They've delivered food and medical supplies, rescued the living, recovered the dead and transported rescue teams all over the grim vacationland.

The craft have proved useful in support missions in war, but in the peacetime disaster here they have, perhaps, proved their greatest worth.

Only Means of Transportation

In an area where almost every bridge has been knocked askew or washed away, almost every road washed out, almost every rail line torn up, transportation would be primitive were it not for the helicopters.

To go by mobile transportation overland in some instances you would have to travel a rugged, circuitous route of 20, even 50, miles to go between points only a quarter mile apart.

But the helicopters can set down anywhere—and have.

Many of the military pilots are Korean War Veterans. Commented one weary pilot:

"This is more rugged than any duty I ever saw in Korea."

Rescue 200 Children

They've picked people out of trees, off isolated islands and other flood-threatened vacation spots. It was Navy helicopter pilots who brought back the bodies of the victims of the worst single tragedy in the floods—the obliteration of Camp Davis north of here.

Friday, Army helicopters retrieved between 180 and 200 children off two island camps in the Delaware River.

One helicopter flew a mother and newborn baby—born by candlelight in Stroudsburg Methodist Church Friday night—to the East Stroudsburg Hospital. Stroudsburg and East Stroudsburg, though only a feeble stone's throw apart, are completely cut off from each other.

The helicopters have been using the Stroudsburg State Teachers College football field, 100 yards from the East Stroudsburg Hospital, as a landing base to bring in the dead and injured.

The helicopter airlift is being coordinated by the Army command at the Tobyhanna signal depot, about 20 miles northwest of here. The planes also refuel there.

No accurate figures were available on the number of aircraft and pilots involved in the helicopter airlift.

Local Showers Bring Drop in Temperatures

Showers and cooler temperatures today followed a weekend of over 90-degree temperatures.

High temperature recorded both Saturday and Sunday at the Marion, weather station was 92.

Rain began falling in Marion and the area shortly after 6 o'clock this morning and up to 7:30 a total of .03 of an inch was recorded by Marion's official weather observers.

The overnight low temperature for Marion was 69 and at 10:30 this morning it was 70.

Ohio's weather forecast called for showers and thunderstorms today with the high predicted to be between 88 and 94, although it is doubtful thermometers in this vicinity will reach that high reading. Tuesday is to be partly cloudy and not as warm.

Southern Coal Firms Debate $2 Wage Boost

Lewis Expects Group Will Settle on Terms Northerners Accepted

WASHINGTON (AP) — Dixie coal mine owners gathered today to consider whether they will agree to pay the $2-a-day wage boost just negotiated for the northern segment of the industry.

John L. Lewis, president of the United Mine Workers Union, signed a new one-year contract Saturday with Harry M. Moses, president of the Bituminous Coal Operations Assn. The Moses group represents northern commercial and "captive" mines owned by the steel industry. They employ about 150,000 of the industry's nearly 200,000 miners.

Lewis said he expects Joseph E. Moody, president of the Southern Coal Operations Assn., as well as mine owners in Illinois and in Western states, to troop into union headquarters and sign on the same terms.

Moody refused to comment in advance of a meeting today of the Southern association's executive committee and a meeting Tuesday of the group's board of directors.

There was speculation that some of the Southern mine owners might balk and refuse to sign, even quitting their association if the major Southern operators decide to accept the Moses-negotiated contract terms.

Held 6 Days in Red Korea

Airman To Reach Freedom Tuesday

SEOUL (AP)—Air Force Lt. Guy H. Bumpas, of Jackson, Miss., is scheduled to recross the line to freedom Tuesday after six days as a prisoner of the Communists.

The injured airman will be turned back to the United Nations Command at a point about 12 miles east of Kumwha, on the Central Korean Front, not far from where his plane was shot down by Red antiaircraft fire last Wednesday.

He will accompany the body of Army Capt. Charles W. Brown, of West Louisville, Ky., who was an observer-passenger in his small unarmed plane.

Brown was killed as a result of the crash, the Communists claim.

Bumpas suffered a possible skull fracture.

The Army will have a big helicopter and a doctor standing by to meet him.

Condition Reported Good

The Communists Sunday told Maj. Gen. Harlan C. Parks, senior Allied delegate to the joint Military Armistice Commission, that Bumpas appeared to be in good condition.

Parks flushed with anger as he talked about the incident in the demilitarized zone.

The Communists charged the plane was spying on their installations. Parks said all evidence pointed to the conclusion that Bumpas was hopelessly lost.

Parks declared that Brown was "Murdered by a gang of trigger-happy gunners who profess to be upholders of peace, staunch defenders of the armistice agreement, and ardent humanitarians."

He said he personally interrogated eyewitnesses to the incident.

May Retaliate Soon

He warned that Allied troops, which so far have refrained from shooting at Communist aircraft which accidentally fly over United Nations lines, may soon resort to retaliation. "It may be difficult," he declared, "to maintain this one sided control" in the face of constant Communist abuse.

The small trainer plane, flying from Kimpo Air Base near Seoul, was shot down by Communist gunners when it accidentally flew over the demilitarized zone.

In trying to evade the Red antiaircraft fire, Parks said, the pilot veered toward Communist territory to the north and crashed in territory controlled by the Communists.

Margaret Passes 25th Birthday

Princess Remains Silent On Her Romantic Interest

BALLATER, Scotland (AP)—Britain's royal family got ready to barbecue a 200-pound side of beef today as a postscript to Princess Margaret's 25th birthday. The anniversary itself passed Sunday with the world no wiser as to her romantic intentions.

The festivity on the spacious lawns of Balmoral Castle normally would have taken place on Margaret's birthday, but her elder sister Queen Elizabeth II kept the Sabbath quiet in the tradition of her late father.

Margaret sat with her sister and other kin in crowded Crathie Parish church Sunday as the Rev. John Lamb intoned:

"This is Princess Margaret's birthday. May she find the fulfillment of her desires."

Some 420 persons who had packed the little church to overflowing watched intently as the

Private Industry Getting Secret Atomic Reports

WASHINGTON (AP) — Nearly a thousand hither to secret or restricted reports on atomic energy research were released by the government Sunday night as a spur to atomic progress by private industry. Secretary of Commerce Weeks, in announcing the action, said it "marks the beginning" of greater industry participation in atomic development.

ON THE ROADEO TRAIL

ANYONE DOUBTING that saying about truck drivers being the best drivers should watch the Ohio Championship Truck Roadeo at Akron, O., the largest in the nation. More than 100 top drivers maneuver their huge vehicles through an obstacle course simulating the most difficult daily driving conditions. To enter the roadeo, each driver must total at least 12 months of accident-free professional driving for his company. In Akron, he is interviewed and given a written test on highway and safety rules. Then he makes an inspection of an unsafe truck which has been booby-trapped by judges. Drivers are chosen in four classes—straight truck; tractor, single-axle trailer; tractor, tandem-axle trailer; and tractor with double bottom. The truck roadeo is sponsored by the Ohio Trucking association. Included among the victors were two three-time winners, Everal Kirby of Akron and Paul Taylor of Cincinnati.

Turkey on Alert

By Victor Riesel

ISTANBUL

As the ferry from Buyukada Island glided past the Mosque of Sultan Suleyman the Magnificent, towards Istanbul, the young, open-shirted Turk in front of us said something which revealed him to be one of the world's great experts on the electric brain.

VICTOR RIESEL

It took just three minutes to determine that he had just returned to his native land from the Massachusetts Institute of Technology. There, he had helped develop such automatons as the machine which could "listen" to music and tell you whether the tunes were by Brahms, Beethoven or Bach.

In the U.S., this fellow would be earning well over $1,000 a week. Here, he is lucky to bring home $50 a week. But he chose to return home. Like so many other Turkish people who live this side of the radar, submarine and military defenses marking the iron curtain border, he believes Russia will start the next war by invading Turkey.

HIS MILITARY logistics may not be as fine as his mathematical logic. But like the rest of the Turks, he suffers and makes sacrifices to help his country become strong. The Turkish people are among our few allies in this world who are willing to die to help us live.

Millions of these good people still live in hovels, even in caves, outside the few bit cities—so that their country can maintain a terrific army. Once you leave the exciting Istanbul Hilton Hotel you see this preparedness everywhere. Soldiers just swarm over the countryside. Ever since 1942 Turkey has had almost a million men under arms, and a fine army it is.

THIS IS A HEAVY economic load for a poor country to carry. Turkey is broke, but isn't doing what so many of our friends, including Western Germany, does. It will not turn to the Iron Curtain countries for trade. It will not deal with Communism, except for some traditional and unimportant bartering with nearby Satellites—although he government could make real money deals with the Soviets.

Yet when the Turkish government asked the U.S. for a big loan, we turned them down!

We have been pouring money into Turkey, but mostly for radar screens, air bases, naval bases, and army headquarters on the exposed Black Sea frontier.

There has been mighty little economic aid, although we have sent hundreds of millions of dollars to such fickle friends as France and Tito's Yugoslavia.

TURKISH LEADERS are politely bitter and feel that the real picture has not been painted for President Eisenhower by his aides.

The Turks live close to minimal existence. They see their national treasury depleted by their military budget. They try hard, by building a few textile plants here and there. A new steel mill is a great victory. But they never stall us or try to dupe us as the Japanese government does.

They pay us great respect. They let us put up guided missle bases east of Istanbul. The other night when one of our cruisers and aircraft carriers streamed up the Bosphorus and parked in front of the Istanbul Hilton Hotel, there was great to-do.

Meanwhile the Turkish government is liberalizing its laws. It has built trade unions here by itself, so that the local Commie agents could not do it first.

THE GOVERNMENT figured it would beat the Commies in the race for the affection of its working people—and launched a labor movement which now has the right to strike, criticize the government and bargain for such things as guaranteed unemployment wages.

The Turkish government knows there are teen-age children and women working in many plants for as little as 70 cents a day.

It knows that there is much deprivation and even some hunger. But it also knows that just a few minutes from here is the Soviet air force and fleet at Sevastopol—and that this is the rear door of civilization's house. And our house, too! So the Turkish government continues to spend every loose lira it has on defense.

Some day, soon, it hopes, we will treat it as kindly and be as generous with it as we are with our less devoted "allies."

Wins Fair Talent Contest

MARION COUNTY talent contest winner Sunday at the Marion County Fair was Leo Savage of 759 Gill Ave. Savage was named top talent performer of the county in a contest held Saturday and Sunday with a tap dance routine. He is holding a trophy presented him by the Marion Engineer Depot and the Twin Oaks Trailer Camp. The Harding High School junior is the son of Mr. and Mrs. Leo Savage.

Farmer Ike

By Ed Creagh

WASHINGTON

Ever hear a president of the United States call a pig?

Dwight D. Eisenhower does it this way:

"Sooooey," he calls, in a half-croon, half-chuckle. "Sooooey! ho, Pig! Pig! Pig!"

And up to the President comes—or doesn't come, as suits its mood—one of the various porkers growing fat and marketable on the Eisenhower place up Gettysburg way.

Some of us had the odd experience of seeing Ike turn hog-caller the other day, shortly before he left for Denver, and the general verdict was that he has the true down-to-mud approach. Maybe he'll never win any hog-calling contests, but he usually gets his pig.

—:—

THEN, OF COURSE, the conversation turned to whether the President will run again in '56, and nobody agreed with anybody about anything.

He certainly did look at home and happy there by the pig-pen.

It would have chilled the Republican party to the marrow to see the affectionate way he slapped a skittish gift heifer on the rump. That was the gesture of a man who'd rather be a farmer than President any day.

But then people remembered Eisenhower at Geneva, talking turkey to the Russians. Sure, he'd rather retire to the farm—but what if he felt he had a better chance than anyone else of staving off a third world war. Would any private preference keep him from doing it?

And so the conversation went 'round and 'round and came out nowhere.

One of the correspondents, whose name had better be omitted, came up with a thought:

Suppose Eisenhower refused to run again — because of the farm, because of his age (which he himself has brought into the debate), because of his health or his wife's, because of any combination of circumstances known or unknown to the public.

—:—

THEN WHY not make him chief U. S. delegate to the United Nations, where his personal prestige and the carry-over power of his office would make him the most formidable spokesman this country could possibly have?

That way, he'd have six months or so out of the year to spend on the farm.

Certain objections were raised to this suggestion. Among them: "What are you, a Democrat? Ike's going to run again-don't kid yourself." And: "Suppose a Democrat won the next election. Can you see him giving a top job to a Republican — even to Eisenhower?"

And so, as we were saying, the conversation got nowhere.

Except there was agreement that it's a mighty nice farm.

It's just short of 500 acres and the land around it is owned by an old friend and golfing companion of the President's, Brig. Gen. Arthur S. Nevins — just in case some enterprising soul should get the idea of building a motel opposite the President's front gate.

The house, which has been completely rebuilt, is painted white and so is the barn. There's a Pennsylvania Dutch, or maybe a New England, tidiness about the place, and a good deal of simplicity. Out in front, for example, there's nothing but a stone bench and a sun dial.

—:—

SOMEBODY ASKED how Eisenhower, who got by most of his life on not-too-high Army pay, can afford such lodgings. The house land and buildings are worth well over $200,000 by the most conservative estimates of neighboring realtors.

Well, Eisenhower's book, "Crusade in Europe," sold more than 800,000 copies, and earned him upwards of $600,000. Even after the capital gains tax and other deductions, that left a nest-egg. Then, too, the President, long accustomed to an Army salary, is reliably reported to be saving a part of his $100,000 a year salary.

In spite of this, in spite of the many gifts presented to him for the farm, Eisenhower complains with evident feeling about the high cost of country living these days. What farmer doesn't?

Serum Flown to Pennsylvania

Threat of Typhoid Fever Hangs Over Flood Areas

STROUDSBURG, Pa. (AP) — A threat of typhoid fever and more rain hung over the flood-ravaged areas of northeastern Pennsylvania today.

The death toll stood unofficially at 93 but officials said they expected the final figure would be well over 100.

Antityphoid fever serum was flown into the area Sunday. By nightfall some 8,000 persons in this Pocono Mountain resort town alone were inoculated.

The typhoid peril stems from contaminated water supplies. In Bucks County, south of Stroudsburg, polluted water was blamed for an outbreak of dysentery. So far, there have been no reported cases of typhoid.

Brief thundershowers came Sunday night, fortunately causing no noticeable rise in water levels, but more rain was forecast for today.

Last Thursday, heavy rains unloaded by dying Hurricane Diane started filling streams high in the Pocono Mountains north of here. The rushing water picked up momentum and roared through the narrow Brodhead Valley, tearing out dams, demolishing dwellings and killing some 75 persons in this area alone.

Twenty-five of these were summer vacationers at Camp Davis, a private summer camp along the Brodhead Creek a few miles north of Stroudsburg. It was completely wiped out. Only nine are believed to have survived.

Food was being dispensed free in churches and movie theaters. Businesses remained closed. Some were wiped out.

The cleanup continued throughout the rest of eastern Pennsylvania but nowhere was the job as tough as in Stroudsburg and nearby East Stroudsburg, each with a population of about 6,000.

Emergency shelters have been set up in churches and schools for the thousands of homeless.

Most of the Camp Davis victims were women and children from northern New Jersey and New York.

Nancy Johnson, a 19-year-old student nurse from Jersey City, N.J., survived the flood despite a terrifying experience lasting all Thursday night.

Nancy and her camp mates had crowded into the attic of a central building, called the Winter House, at Camp Davis as the floodwaters crept higher. She gave this description of the last horror-packed minutes before the building began to float into the stream and crumble.

"It just began to sway and grind and everybody went. We all grabbed what we could and hung on as well as we could. I must have floated a mile downstream and things were bumping into me all the time and hurting me. But there was nothing I could do. I can't swim.

"About a mile down the creek I bumped into a tree and hung on. I've never climbed a tree before in my life but I certainly climbed that one."

She was rescued the next morning by two men in a motorboat with a powerful engine.

Flood

(Continued From Page 1)

phone circuits were opened. Drinking water was still a general problem, however.

Most railroads were operating through the flood sections but in many cases had to skirt hard-hit cities and avoid weakened or washed out bridges.

In western Massachusetts scores of highways were still blocked. Two communities, Charlton and Southbridge, could be reached only by boat or helicopter. Southbridge was still without gas, water or power.

The big crisis was over in New York state, but damage estimated at many millions remained, particularly at Port Jervis and Ellenville.

Flood reports were relayed to President Eisenhower, on vacation in Colorado. He was "highly gratified" over the rescue work and aid the armed forces were able to render.

States designated by the President as disaster areas and entitled to federal aid in repairing flood damage were Connecticut, Massachusetts, Pennsylvania, New Jersey and Rhode Island.

For most of the weekend the sun shone brightly over the flooded areas. Brief thunderstorms hit New Jersey, New York and Massachusetts last night but added no new flood threats.

bit Breeders Association. A large tent is filled with cages full of bunnies.

Judging of entries will begin today. Senior fair dairy cattle, sheep, poultry, farm produce and baked goods will all be judged today and tonight. On tap tonight is the judging of the Holstein cattle.

Also on the schedule tonight are more harness races. Three events will be held with a total purse of $1,500. Harness races will be held Tuesday and Wednesday nights.

Tuesday's schedule will find senior beef cattle and swine being judged during the day, as well as baked goods.

Wednesday will be Junior Fair Day and all livestock entered by the young farmers of the county will be judged during the day and awards presented at a special program that night. Among the awards being given Wednesday night will be two prizes of $50 each to the outstanding boy and girl 4-H Club members in the county. These awards will be made by The Marion Star.

The fair will close Thursday with a Western Horse Show in the afternoon, judging of Junior Fair floats, a float parade and stock parade at 1 p.m. and performances by the WLW Midwestern Hayride Show at 7 p.m. and 9 p.m.

—:—

FAIR OFFICIALS were pleased with the appearance of the fair in its first two days. They commented that the placing of the display of new farm machinery by the Marion Implement Dealers Association at the south end of the fairgrounds near the main gate was a wise move.

The display this year is larger than in the last several years and is one of the first sights to strike the eye of the visitor on entering the grounds.

The fair officials also said the men working the various concession stands had expressed satisfaction with the turnout and were generally pleased with the arrangement of the midway this year.

Several fair officials, however, said they wish there had been more participation by local merchants in setting up exhibits especially in the Art Hall.

The officials, however, pointed out this year's fair is a better show and a bigger show than in former years. They pointed to the various new rides and to the fact that livestock entries had set a new record this year in making their statement.

Coal

(Continued From Page 1)

Several times in the past Lewis and Moses have gotten together and written a new contract and Southern owners have reluctantly gone along.

Lewis said he will give the rest of the coal industry until Sept. 1 to accept the new contract voluntarily. After that time he said, he will take steps aimed at compelling ratification.

The Lewis-Moses terms call for a $2 per day pay boost in two stages. Miners' basic daily wage has been $18.25. Under the new agreement the hourly rate is to be increased 15 cents on Sept. 1 and another 10 cents next April 1. This will bring the daily rate to $20.25.

Other Benefits

The agreement also calls for time and a half pay for Saturday work and double time for Sunday work, but few miners normally work on these days.

The annual vacation period has also been increased. Miners have been having five work days off per year, in addition to the July 4 holiday. Now they will get eight work days off, and $140 in vacation pay. The vacation next year will start June 28 and run through July 9.

Moses said the new contract, which may be terminated Oct. 1, 1956, or anytime thereafter on 60-day prior notice, means continuation of labor peace in the coal industry for a period exceeding six years. He said this was "unparalleled" in an industry which has often experienced violent and lengthy strikes.

Lewis indicated that he felt a straight pay boost was more useful to coal miners than layoff pay provisions and similar nonwage benefits negotiated in the auto and some other industries this year.

The IMW chief said the new coal agreement is "a constructive instrument with edible virtues—mine workers require strong meat, and eating money will produce more coal than philosophic discourse."

Technical College at Greensboro, N.C., said the average Russian "has no conception of capitalism." He thinks there are a few rich people in the United States, but that the rest of Americans live in poverty, he said.

The Americans left behind a frank, 14-point program for improving Soviet agriculture. They recommended that the Russians use more machinery and less central control, and that they seek agreement with the United States for an exchange of experts and technical publications.

Moscow radio said today that the Soviet government greatly appreciated the visitors' criticisms of its agricultural methods.

Princess

(Continued From Page 1)

pretty young princess bowed her head and moved her lips in silent prayer.

As they looked, they wondered whether she had made her decision — upon reaching the constitutional age set in the Royal Marriage Act — to wed handsome Group Capt. Peter Townsend, 40-year-old war air hero and divorced father of two sons.

Before she was 25, Margaret could only wed with permission of her sister. As titular head of the Church of England, which frowns on marriages involving a divorced person whose spouse is still living, the Queen would have found it difficult to give her consent.

Few actually expected Margaret to make known the dictates of her heart on her birthday. Should she decide to marry Townsend, she probably would tell her sister, then notify Parliament.

Morocco

(Continued From Page 1)

In Morocco the fighting continued mainly in the hills and the approaches to the Atlas Mountains. The countryside around Marrakech was lit by numerous incendiary fires last night. Jet fighters patrolled overhead. Tanks clanked through the countryside.

In Algeria, the well-coordinated strikes resembled the hit-and-run guerrilla warfare which laid waste to French Indochina. The rebels smashed military outposts, then fled. But the French fought back effectively.

In Morocco, some raids were ominously similar to the Mau Mau massacres which have ripped Britain's Kenya colony.

Worst hit was the little Moroccan mining town of Oued Zem, about 100 miles southeast of Casablanca. There 4,000 supposedly friendly Berber tribesmen poured down from the hills, shooting, burning and mutilating men, women and children.

The outbreak at Oued Zem was only one of many.

LESS FORGETFUL

DETROIT (UP) — The number of motorists locking their keys in their cars dropped in 1954. The American Automobile Club reported its annual survey of emergency calls showed only 717,000 calls for emergency lock and key service compared to 803,000 the year before.

WOOL ON TOP

NEW YORK (INS) — Woolens are increasing in their importance for women's wear. According to the survey taken by The Wool Bureau Inc., woolens in 1954 took up 88 per cent of total women's wear wool fabric output, as compared to 83 per cent in 1953.

Standardization of engines for military tanks has permitted reduction of the five kinds of engine for one medium tank in 1944 to one engine for five tanks today with a difference between 4,316 and 1,320 spare parts.

Planes Ferry 150 Tons Of Lime to Connecticut

WILMINGTON, Ohio (AP)—Members of the Buckeye wing of the Air Force reserves are flying 150 tons of clorinated lime to flood areas in Connecticut.

Eleven C46 planes are being used for the airlift, the Clinton County Air Force Base announced today. The craft, with double crews of four pilots and two crew chiefs, are making the haul from Harrisburg, Pa., to Hartford, Conn. The lime will be used to purify water supplies.

More than 700 members of the 302nd Troop Carrier Wing of the reserves are in training here for their annual two week encampment. Air Force officials picked the Ohio pilots to make the emergency trips last night.

Continued Rise In Steel Output Is Fall Forecast

CLEVELAND (AP)—The end of summer vacations and chances for improvement in weather conditions are expected to result in a continued rise in steel production, "Steel," the metalworking weekly, reports.

The trade magazine said production rose last week for the first time since June, climbing one point to 91 per cent of rated capacity.

Production dropped nearly 27 per cent during the steelworkers' wage negotiations after climbing to 97 per cent of rated capacity at the end of June. Summer vacations, hot weather that affected both the equipment and workers and repairs to equipment combined to slow down the recovery from the slump.

A big factor in last week's rise in production was the resumption of steelmaking in the Birmingham area, where a railroad strike had tied up operations.

"Steel" says the automobile industry is largely responsible for the strong demand for steel inasmuch as the auto makers continue to take all the steel it has on order. Some other consumers also are maintaining their rate or ordering although they are building up steel inventories.

Automobile manufacturers took 23.9 per cent of mill shipments of finished steel during the first six months this year compared with 18 per cent during the corresponding period of 1954. Deliveries to the construction industry totaled 11.4 per cent compared with 14.2 per cent last year.

"Steel's" price composite on steelmaking scrap dropped 34 cents to $43.83 a gross ton last week. The price composite on finished steel was unchanged at $127.41 a net ton.

Polio Hits 4 in Virginia Family Within a Week

MARTINSVILLE, Va. (AP)—Four members of a Martinsville family have been stricken with polio in a week's time.

Roger Pugh, 12, was hospitalized a week ago last Saturday. His mother, wife of a power shovel operator, and the Pughs' oldest son, Donald Lee, 16, were admitted to the same Roanoke, Va., hospital last Thursday. Four-year-old William was stricken last Friday.

All of the cases were of the non-paralytic type. A fourth son, Jerry, 14, and the father have shown no signs of illness.

Man Held in Shooting

COLUMBUS, Ohio (AP)—A 43-year-old Columbus man says a shotgun he was holding discharged accidentally, killing Ollie Mae Smith, 39, sheriff's deputies related. R. L. Dickerson, 43, was held for investigation in the Saturday night shooting at the Smith woman's home here. Deputies said the victim's common law husband, William Moss, 43, told them Dickerson fled following the shooting. Dickerson was arrested a few hours later near his home.

Kirkpatrick WCTU Unit Holds Election

Election of officers for the new year was held when the Kirkpatrick WCTU met Friday with Mrs. Jessie Daugherty in Kirkpatrick.

Mrs. Ira Beers was named president Mrs. Helen Neff, vice president Mrs. Edith Brooks, treasurer; Mrs. Daugherty, secretary.

Devotions were conducted by Mrs. Nellie Likens and prayer was offered by Mrs. H. T. Weirick, a guest. In reports of committees, 30 cards, three letters and eight bouquets were reported sent and 16 sick calls were reported made.

For the program, papers were given by Mrs. Neff, Mrs. John Benge, Mrs. Jessie Rorick and Mrs. Grace Miller, a story, "A Man Who Ran Away From God," was told by Mrs. Guy Fisher, and Mrs. Weirick gave a report on a meeting she attended in Columbus to discuss legislation banning the sale of liquor in grocery stores. A poem was read by Mrs. Beers. A social hour followed and refreshments were served by the hostess.

Virginia Woman Is Killed at Vandalia, Kentuckian Is Held

DAYTON, Ohio (AP)—A 41-year-old Virginia woman was shot and killed in a motel at nearby Vandalia last night. Police said a Kentucky man admitted the shooting, claiming she threatened his life.

The victim was Miss Helen Love, whose hometown was not known. Police said she was shot at close range by a 12-gauge shotgun while lying on the motel bed.

Vandalia police said Barney Morgan, 46, of Harlan, Ky., admitted the shooting. He was taken to Montgomery County Jail here. No charges were filed.

Officers said Miss Love and Morgan registered at the motel two weeks ago. It is located on the western edge of the city, near the site of the 56th Grand American Trapshoot, now in progress.

Thew Strike Settled

LORAIN, Ohio (AP)—A settlement was reached yesterday ending a three-week strike at the Thew Shovel Co., which employs 1,250 persons. Production resumes today. Carl Leyman, president of Local 1242 of the CIO United Steelworkers, said the union accepted raises amounting to 7½ per cent or 15.6 cents an hour, plus fringe benefits totaling 6 6 cents an hour.

Officers Break Up Snake Cult, Nab Preacher

HARLAN, Ky. (AP)—The scheduled appearance of a killer rattlesnake failed to materialize Sunday after state police arrested a snake-handling preacher and cut short the cult's services.

The Rev. William Vernon, of Keokee, Va., was taken into custody shortly after handling four deadly snakes before about 2,000 worshippers in a nearby mountain hollow.

Vernon, charged with violating the Kentucky law that forbids the practice of handling snakes, was released on an appearance bond pending trial next Friday at nearby Caywood.

The Pentecostal Holiness church called the meeting Sunday to "conquer" a rattler that fatally bit Lee Valentine during services at Fort Payne, Ala.

The snake, which was not taken from its box, was confiscated along with several others, breaking up the meeting after about three hours.

After the arrest of Vernon, two other preachers, the Rev. Oscar Hutton, St. Charles, Va., and Raymond Hayes, Cumberland, Ky., unleased a scathing verbal attack on the state police, saying, "They weren't here to protect the people but to fight God."

52-Day Bus Walkout Ended in Washington

WASHINGTON (AP) — Buses and streetcars rolled again through Washington streets today as AFL transit workers returned to their jobs after a 52-day strike. The walkout was settled early Sunday when the city granted Capital Transit Co. fare increases to offset a 15-cent hourly wage boost for drivers and mechanics.

This picture was snapped at a recent meeting of a Farm Bureau Insurance Policyholder Advisory Committee meeting in Pittsburgh. This is an experiment in business democracy. Local committees like this one meet annually to have their say about what they like and don't like about their Companies' activities. The experiment works. This month and next there are 300 Policyholder Committees meeting in 300 communities.

Imagine Farm Bureau Insurance taking the advice of us policyholders

in changing the company name!

Can you imagine a big insurance company taking the advice of us policyholders on such an important matter as changing its name? Well, that's the way things are done at Farm Bureau Insurance . . . and we like it. For 29 years it has been our Companies' goal to give every policyholder a chance to have his say about company affairs.

Why change our name?

Lots of people like this democratic way of doing business. That's one of the reasons why Farm Bureau grew from a handful of Ohio farmers to more than two million policyholders in 13 states.

Now more people want to join with us. Policyholders who have moved to other states often write back to the home office to ask why they can't buy our insurance there.

But the simple fact is, although we have always had the benefit of Farm Bureau *claims service* in every state, our Companies couldn't use the Farm Bureau *name* everywhere. In some states there are already "Farm Bureau" companies. So to avoid confusion our companies had to take a new name, even though it means giving up one which to many of us is like an old friend.

We have our say

At a policyholder meeting the reasons for changing our name were fully explained. The name that has been chosen, and the one which the company-wide Policyholder Advisory Committee was glad to approve is—

NATIONWIDE INSURANCE

So on September 1st the name Farm Bureau Insurance will be changed to Nationwide Insurance.

This isn't the first time we policyholders have "had our say." For example, we suggested the bridal policy that may be used to pay wedding expenses. We passed approval on "package" policies that provide protection for the whole family . . . and the budget plan to ease premium payments.

New name . . . same company

Now our management—after consulting with us—has made the big decision to change our name. That's proof enough for us that the cooperative spirit of our Companies won't change with our new name.

Our low premium rates will remain the same. Our policies will guarantee us the same benefits as before. Our Nationwide representative will be the same straight-from-the-shoulder advisor we've come to count on.

The big difference is that now all of us policyholders will have a stake in a business which will become Nationwide in name and sales service, just as for years we have been nationwide in our claims service.

Advisory Committee of Policyholders

An invitation to you

"When you really want to find the answers to people's needs—just go ask the people," says Murray Lincoln, Farm Bureau Insurance president. That's why we have the Policyholder Advisory Committees. Representative policyholders are chosen by our agents in more than 300 districts. These policyholders then elect representatives to a regional and then a Company-wide Advisory Committee which meets annually in Columbus. Here the policyholders "tell us" what their needs are and suggest how we might fill those needs. If you'd like to participate in one of these meetings—or if you're not already a policyholder and think this is the kind of company you'd like to deal with—just call your Farm Bureau representative. A warm welcome awaits you!

On Sept. 1st the name **Farm Bureau Insurance of Ohio** *will change to . . .*

Traffic Crashes Kill 10 in State Over Weekend

3 Drownings, Plane And Train Crashes Boost Fatalities to 15

By The Associated Press

Lake Erie claimed three lives last weekend; two men and a 14-year-old Toledo boy drowned as many Ohioans flocked to lakes and parks during the heat wave.

Ten persons were killed in Ohio traffic accidents in a series of two-car smashups. Two other persons died violent deaths, one in a plane crash, and another was run over by a train.

The death toll was 15 in The Associated Press survey from 6 p. m. Friday to 11:59 p. m. Sunday.

The list of fatalities:

Friday night—none.

Saturday—

John H. McGraw, 34, St. Clairsville, when his private plane crashed in a farm field as he prepared to land at St. Clairsville airport.

John A. Triplett, 77, Galena, in a truck-car crash on U S 33, just south of the Franklin-Fairfield county line.

Jim Meade, 18, Huron, when the truck he was driving upset on Ohio 254, just northwest of Elyria.

Melvin Foust, 48, Rt. 2, Delphos, in a two-car accident on U. S. 30, about 3½ miles west of Elida in Allen County.

John J. Brewer, 25, Columbus, in a two-car accident on U. S 23, one mile south of Chillicothe.

Randall Stegner, 50, of Toledo, drowned when he fell out of a boat into Lake Erie near Harbor View.

Sunday—

Richard A. Winson, 47, Oberlin, in a two-car accident on Ohio 58, about 2½ miles north of Oberlin.

Martha Jane Jahn, 28, Youngstown, in a three-car collision in that city.

James Roy Luke, 42, Detroit, Mich., in a two-car accident on U. S 25, about 3½ miles south of Findlay.

Nina Jackson, 28, of Cleveland, in a two-car crash on Ohio 303, two miles east of Hinckley in Medina County.

Leo J. Casey, 50, of Elyria, when his car struck two trees near the city's Spring Valley golf course.

Joseph G. Zilka, 39, Lakewood, drowned in Lake Erie when he slipped off a sand bar seven miles west of Lorain.

Donald Doyle, 14, Toledo, drowned after falling off a cabin cruiser into Lake Erie near Crane Creek Beach State Park.

Charles Gardner, 53, Albany, N. Y., run over by a railroad caboose in the Nickel Plate yards at Conneaut.

Mrs. Dema Rae Saxton, 28, Rt. 1, Latty in Paulding County, in a two-car crash two miles north of Roselms on a county road.

Californian's Rare Pet Escapes in Los Angeles

LOS ANGELES (AP)—Like some other youngsters, Kinky is prone to run away from home.

Charles Wright found Kinky missing Sunday and put out the word, "Just pick him up by the tail and contact me."

Kinky is short for kinkajou, a tiny Central American honey bear. Wright brought him back from Costa Rica last year and now hopes to find him in the wilds of Los Angeles.

Frats Co-Operating

OXFORD, Ohio (AP)—Cooperation between college administrations and college fraternities is on the upswing, says Dr. Frank J. Prout, acting president of Ohio Wesleyan University. He told a national conference of Phi Delta Theta fraternity officers yesterday that college fraternities are seldom accused today of being at odds with the general educational aims of colleges.

Privacy Scarce For Virginian, Even at 2 a.m.

HAMPTON, Va (AP)—It was hot and humid in Hampton night before last. So hot and humid that a Hampton man, who'd been fishing in Mills Creek beside a bridge on the Military Highway, decided to peel off his clothes and take a swim.

After all, it was 2 a.m. and much too late for a car to come along . . . but one did

The man, who had just finished disrobing, scrambled over an abutment and hid.

The motorist caught a glimpse of him as he rolled over the side of the abutment and, fearing an accident had happened, stopped to investigate.

When the motorist didn't see anybody in the water, he called police.

The police called the fire department. Rescuers hurried to the scene. A large crowd gathered. Helicopters from a nearby Army base were summoned.

Officers found the missing man's clothing piled beside his bicycle by the creek. Papers in his pockets gave them his name. They sadly notified his family of his disappearance.

For nearly two hours the search proceeded.

At 3:45 a.m. a telephone jangled at police headquarters. It was the man's wife. He'd arrived home safely—but unclad.

Police declined to give the man's name.

Tribe Awaits Invasion by Red Sox; Score To Pitch

Bob Lemon Shelled by A's, Jose Santiago Gets Verdict

CLEVELAND (AP)—The Cleveland Indians, idle today, send young Herb Score against the Boston Red Sox tomorrow, and probably will use him again Saturday against the New York Yankees, who follow the Red Sox into town.

Score has been the only effective starting pitcher for the Indians recently.

Bob Lemon lasted less than three innings again yesterday, but Jose Santiago and Sal Maglie came out of the bullpen to gain a 9-4 victory over the Kansas City Athletics, and a sweep of the three game series.

The Indians needed all three wins to stay a game behind the New York Yankees. Only the Chicago White Sox were able to gain on the league leaders, by sweeping a doubleheader yesterday.

Manager Al Lopez plans to string along with his "Big Three" pitchers in the other games against the Red Sox and the Yanks, sending Mike Garcia against Boston Wednesday, Early Wynn and Lemon against the Yanks on Thursday and Friday.

Wynn has been knocked out of the box in early innings in his last two starts. Garcia lasted nine innings against Kansas City, but then had to be bailed out in extra innings by Ray Narleski and Don Mossi. Lemon has pitched only one complete game since April 30, and none since May 30. The Indians have averaged more than two pitchers a game all season.

Relief pitchers won all three games against Kansas City. Ray Narleski won Friday, Art Houtteman Saturday, and Santiago yesterday. Santiago relieved Lemon with two men on base, one out, and the A's leading 4-2. The 26-year-old Puerto Rican pitched four and two thirds scoreless innings, giving up only two hits. Old Sal Maglie retired the last six Athletics in a row.

Garcia, Wynn and Lemon started the Kansas City games, and gave up nine runs on 24 hits in 16 innings.

Gene Woodling, who has hit safely in 15 of the last 16 games, clouted his seventh homer and doubled yesterday and moved his batting average up to .309 for the time he has played with the Indians. He was hitting .221 when he was acquired from Baltimore. Larry Doby also homered for the Indians, his 19th of the season.

Gross, Post Spark Reds In 4-0 Win

CINCINNATI (AP)—Thirty times this season the same Cincinnati Redleg pitcher who started a game was around at the finish. Two of these route-going performances were turned in by rookie Don Gross, up from Nashville of the Southern Association a little more than a month.

In his first nine inning since Aug. 17, Gross was edged out by Chicago 3-2. But yesterday the 24-year-old lefthander shut out the St. Louis Cardinals 4-0 on four hits for his second major league victory against two setbacks. The Reds now have posted eight shutouts.

Gross pitched beautiful ball. He threw deceptive curves and had good control. He gave up two walks, boosting his total to 8 in 47 innings, and was in a jam only in the seventh inning. Harry Elliott and Bill Virdon singled in the frame and the bases were loaded when Bill Sarni walked. But Gross fanned pinchhitter Pete Whisenant to end the inning and the threat. In no other inning did the Cards get a man past first base. He retired the Cardinals in order in the eighth and ninth.

The three-game sweep at the expense of seventh place St. Louis tightened the Reds' hold on fifth place but they were unable to narrow the first division gap. Fourth place Philadelphia also won three in a row and are still two games ahead of the Reds.

Wally Post, the best hitting rightfielder in the National League, drove in three runs with his 31st home run of the season and a single. The homer, off losing pitcher Harvey Haddix, broke up the scoreless tie in the sixth. Johnny Temple, who had singled and advanced a base on each of two outs, was on third at the time.

The Reds added two insurance runs off Luis Arroyo in the eighth. Temple and catcher Smoky Burgess greeted Arroyo with walks. Post singled to left to score Temple and Chuck Harmon singled home Burgess.

Today's a day of rest for Cincinnati. The squad starts its last eastern swing tomorrow, with Pittsburgh as the first stop in a night contest. The Reds will hit every town except Chicago before returning to Crosley Field Sept. 7.

DOUBLED IN THE DUST. Bill Tuttle of Detroit Tigers is forced at second base in first inning of first game of doubleheader with White Sox in Chicago. Nelson Fox pegs to first base to get Al Kaline in double play.

Davey Meets Pat Manzi in 10-Rounder

By The Associated Press

Chuck Davey, onetime idol of television boxing fans, ends a 15-month "retirement" tonight when he faces Pat Manzi, of Syracuse, N. Y., at Saginaw, Mich., in a 10-round bout.

The 29-year-old Michigan State graduate hung up his gloves 15 months ago after a seventh-round knockout by Vince Martinez. He first fell from the heights Feb. 11, 1953, when Kid Gavilan, then the welterweight king, stopped him in the 10th round of a title fight.

This fight won't be televised.

Tonight's network TV fight matches middleweights Rinzi Nocero (25-2-0) of New York and Paola Melis (32-8-2), the former Italian welter champion now living in Montreal. The two meet in a 10-rounder at New York's St. Nicholas Arena.

Du Mont will telecast at 9 p.m., EST.

Baseball for Boys Commission Slates Election of Officers

Officers for 1956 will be elected and arrangements completed for a Baseball for Boys field day at a commission meeting Tuesday at 7:45 p.m. in the YMCA.

The field day for youths in the entire youth baseball program here, is to be held Sunday, Aug. 28. At that time, installation of officers is to be held. The field day is the first such event to be held in the Baseball for Boys program here and will include throwing, batting and running events for every age group and a picnic. Awards are also to be made to the Little, Pony and Teen League champions.

Fans Fear Collapse

Dodgers Closing Disastrous Trip, Lose Trio to Phillies

By JOE REICHLER
Associated Press Staff Writer

Baseball folks were beginning to wonder today whether Brooklyn may be heading for what would be the most spectacular smash-up in the long Dodger tradition of blowing pennants.

Actually, it would take a complete collapse by Brooklyn together with an incredible finish by either of the two top contenders—Milwaukee or New York—to accomplish the miracle. But those who still recall the late-season slides of 1942 and 1951 are convinced nothing is impossible.

Win or lose, the Dodgers certainly haven't looked like pennant winners since the All-Star break, playing eight games under .500 ball since July 9. Beaten for the third straight time by Philadelphia Sunday, 6-4, the Dodgers limped home with a record of 10 losses in their last 14 games. Their 16½-game lead of Aug. 12 over Milwaukee was trimmed to 11 in nine days.

The Braves, continuing their battle against huge odds, won their fifth in a row Sunday, humbling the Chicago Cubs 8-1, and Cincinnati shut out St. Louis 4-0 behind the four-hit pitching of rookie Don Gross.

Rain washed out the scheduled doubleheader between the Giants and Pirates in Pittsburgh.

Chisox Gain

Chicago's relentless White Sox climbed within half a game of New York's American League-leading Yankees, sweeping a doubleheader from Detroit 2-0 and 8-2. Righthander Dick Donovan, just three weeks after undergoing an appendectomy, followed a four-hitter by Connie Johnson with a well-spaced eight-hitter for his 14th victory in 18 decisions.

The Yankees, on a winning skein of their own, dumped Baltimore 6-1. Don Larsen pitched a six-hitter. It was the Yankees' 10th victory in the last 11 starts.

Boston's Red Sox remained very much in the running, vanquishing Washington 4-1 to remain 4½ games off the pace. A three-run outburst against loser Chuck Stobbs in the eighth snapped a 1-1 deadlock and gave rookie George Susce his seventh triumph.

The slumping Dodgers managed only six hits off winner Herman Wehmeier, who won his 10th for the Phillies with the help of reliefer Jack Meyer. Homers accounted for all Philadelphia's runs off six Dodger hurlers. Willie Jones hit a grand slammer in the third. Glen Gorbous and Del Ennis also homered to give the Phils an early 6-0 lead.

Veteran outfielders Bobby Thomson and Andy Pafko rapped three hits apiece and Thomson drove in three runs to spark the Braves to victory over the Cubs. Righthander Bob Buhl spaced seven hits for his 12th victory.

Outfielder Wally Post drove in three runs with his 31st home run and a single in the Reds' victory over the Cardinals. Harvey Haddix was the victim.

Minoso Stars

Minnie Minoso, with six hits in nine times at bat in the twin bill, broke up a scoreless pitching duel between Johnson and loser Billy Hoeft when he unloaded his seventh home run in the sixth inning of the opener between Detroit and Chicago. Walt Dropo ignited a four-run second in the nightcap with his 17th homer off rookie Jim Buning.

Three Yankee home runs proved the undoing of veteran southpaw Eddie Lopat, making his first Yankee Stadium start against his former mates. Hank Bauer hit his 15th homer in the second, Bill Skowron his 11th and Mickey Mantle his 32nd in the third.

Sammy White, with a home run and double, drove in two of Boston's runs against Washington.

Cough Avoids Surgery

LOS ANGELES (AP) — Halfback Joe (Scooter) Scudero will be able to scoot again for the Washington Redskins in about three weeks—thanks to a timely cough.

Scudero was being prepared for surgery Saturday when he coughed. Doctors said the rib cartilage, dislocated in the recent Redskin-Los Angeles Ram game, slipped back into place. So no operation.

Olympic Airs

MELBOURNE (AP) — Australian and overseas airlines are combining to arrange for the transportation of visitors to this country for the Olympic Games next year. The Olympic Games Air Transport Co-ordination Committee said there will be no reduction of fares between Australia and Europe or North America during the Games.

ACROSS THE COUNTER

While the new cars have power brakes, window lifts and automatic gear shifts, no device has been invented yet to shift the blame in case of a car accident.

Earl J. Andrews

The owner has to stand this jolt (with the help, of course, of insurance.)

But too many drivers carry too little in the way of Bodily Injury protection. The standard $10,000/$20,000 might be frightfully inadequate in event of a bad wreck.

Recently, for example, 4 people were killed in a head-on car accident. One of the drivers was held at fault. The claim the court awarded against him: $202,930. Since he had been well advised, though, he carried $100,000/$300,000 Bodily Injury limits. The insurance company "picked up the tab."

In commenting on this case, a national insurance magazine stated, "The difference in premium for having liberal bodily injury limits as against the usual amounts, was less than $25. For each of these additional dollars he paid in premiums, he saved over $7,000 in settling the claim."

May we explain just how LITTLE it would cost you to have *ample auto insurance protection?*

Races Set Tonight

Area Horses Win Three Dashes on Opening Card

Marion, LaRue and Richwood-owned horses captured wins in three of the four races on Saturday's opening harness racing program at the Marion County Fair.

Second racing card of the four night program is scheduled tonight at 8 p.m.

Clever Parley, owned by Dr. J. G. McNamara of Marion with Skeeter Brown up, highlighted the opening night performances by winning both dashes of the 20 pace in 2:12 and 2.11, the best time of the night.

—:—

BY WINNING, the third and seventh races, Clever Parley won for its owner the Houghton Sulky Co. trophy and $500 in purse money.

Winners in the other three races also copped both dashes and walked off with trophies offered by National City Bank, Hotel Harding and Marion Plant Life and purse money of $500 each for their owners.

Bob Cheney drove home two winners. He was in the sulky as The Happy Wonder, owned by Gene English of LaRue, came home first in both dashes of the two-year-old pace. Winning times were 2.13 1-5 and 2.12. In the first dash of the opening race, Happy Wonder won in a photo finish over DeHaven, owned by Sanders Mills of Toledo.

Kathy Jo, owned by Clyde Rogers of Richwood, was the other horse driven to victory by Cheney. Kathy Jo won the 20 trot by leading Timber, owned and driven by Howard Fuller of Centerburg, across the finish line both times. Times of 2.12 3-5 and 2:13 were posted by Kathy Jo in winning.

Avalon Darnley, owned by Vandemeer Stables of Cleveland, kept Marion and area horses from sweeping honors. It won both dashes of the two-year-old trot with times of 2 18 1-5 and 2 23 3-5. Runner-up to Avalon Darnley in both dashes was Miss Ponce DeLeon, owned and driven by Clne Spurgeon of Richwood.

—:—

AMONG THE four Marion entries, Darlene Volo, owned by James Wickersham, made the best showing next to Clever Parley. Darlene Volo finished third in the first dash of the 20 trot.

Jeanie Brewer, owned by George Keigley of Richwood, came in fourth in both dashes of the opening two-year-old pace, Leah Spencer, owned by Vernon Wood of Richwood, was fourth and third in dashes of the 20 trot, and Rose Roy, owned by Lloyd E Biggs of Cardington, was third in the first dash of the two-year-old trot for other top performances by area horses.

Top price paid on a $2 ticket at Saturday's session was $11 20 on The Happy Wonder to win the first dash of the two-year-old pace Clever Parley paid $9 on a $2 ticket and the daily double, on winners of the second and third races, paid $9.40.

Civic Pride

GREENVILLE, S C. (AP)—Jimmy Simkins, umpiring a civic team softball game, was given an argument by a batter who had just stepped to the plate.

"Ball one," Simkins cried on the first pitch. A member of the team at bat cried out sarcastically, "No, that's ball three"!

Simkins, tired of an afternoon of arguing, quickly snapped:

"I'm agreeable, it's ball three."

He soon resigned his unpaid post.

Packers Fall 13-7

Defensive Improvements Bring Brownies Verdict

HIRAM, Ohio (AP)—Coach Paul Brown says strengthened defense enabled his Cleveland Browns to beat the Green Bay Packers 13-7 in a National Football League exhibition game at Akron Saturday night before 22,000 fans.

"We showed the results of the needed contact we got in the All-Star game," Brown said. "The defense was stronger, and as a result we had the ball more.

"Tobin Rote in that Green Bay offense is not easy to contain I thought it was a good job to hold them to one touchdown.

The Browns scored on a touchdown by fullback Fred Morrison and two field goals by Lou Groza Morrison scored in the second quarter on an eight yard plunge after a 63-yard march. Quarterback George Ratterman completed 17 of 22 passes for 184 yards in the game.

Rote scored the Packers touchdown on a one-yard sneak in the first quarter. He set it up with a 44-yard pass to Bill Houton on the Cleveland 10, picked up five more on an offside penalty, and passed to Al Carmichael on the one. A late Packers drive was stopped on the Cleveland four yard line, Carlton Massey threw Rote for a two yard loss.

The Browns came through without serious injury, although linebacker Chuck Noll bumped his ankle and sat out the second half.

Coach Brown singled out Tom Jones, big tackle from Miami who played for the All-Stars for special praise. "He definitely is of National Football League caliber," said Brown.

The Browns go west for an exhibition against the San Francisco 49ers next Sunday and against the Los Angeles Rams the following Friday night.

Iron Fireman fuel-saving RADIANT FIRE

Save fuel dollars with OIL, GAS or COAL

Get rid of that old troublesome, fuel-hungry furnace now. Replace it with a money-saving Iron Fireman and enjoy the most luxurious winter comfort you've ever known!

What makes Iron Fireman performance so outstanding? It's the "radiant fire." Intense radiant heat is generated at the grate-line level, where it penetrates directly through the inside furnace walls, instead of escaping up the chimney. Many Iron Fireman owners report fuel savings of 15% to 30% compared with previous heating methods. Phone for free heating survey or come and see Iron Fireman furnaces, boilers and burners.

B, C Flights Finish

Reichardt, Hastings To Play For Crown at Country Club

Play in the club championship at the Marion Country Club is nearing its windup stage.

Men's Class B and C flights have been completed and the championship match in Class A is scheduled Sunday. The Class A final for women is carded Thursday and final matches in Class B and C are scheduled during the week, while the Class D competition has been finished.

—:—

MEANWHILE, action in the Mar-O-Del's club championship also continued.

Russ Reichardt and Bob Hastings will clash in the finals of the Class A flight at the Country Club. Both gained the championship match yesterday, Reichardt by whipping Warren Rowley 4 and 3 and Hastings by eliminating John Peacock 6 and 4.

Vern Street is the Class B champion. He downed Dr. Frederick Merchant 4 up. Bob Stout captured the Class C championship by defeating John Corwin 1 up.

In the women's club championship, Miss Joan Merchant is the first champion to be crowned. She defeated Mrs. Don Howard 3 and 1 for the Class D championship.

Mrs. Del Martin whipped Mrs. Mae Frazier and Mrs. Barney Buettin won over Mrs. Frederick Merchant to gain the Class A final.

Mrs. Don Yoder and Mrs. James McNoldy are the finalists in Class B. Mrs. Yoder won over Mrs. Merle Hamilton and Mrs. McNoldy defeated Mrs. Robert O'Connell in semifinal play.

Mrs. Paul Kohler and Mrs. Joe Jenkins will clash in the Class C final. They reached the championship match with wins over Mrs. Paul Frye and Mrs. Ray Finney, respectively.

—:—

NORMAN WITHROW won two first flight matches in the Mar-O-Del club championship during the week.

He first defated Charlie Morbitt, then whipped Lawrence Weiss.

Six matches were played in the second flight. Homer Huffman downed Robert Axe, Dr. Carroll Conklin defeated Richard Plantz, Bud Schuler whipped Gene Ernsberger, Jerry Stephenson topped Robert Baumgartner, Richard Dutt eliminated Ray Robbins and Cloyd Lichty ousted Dutt.

Third flight matches found Dr. W. D. McClaskey winning over Anthony Caserta, Murle Burch defeating Fredric Hoch and Maxfield Sheppard beating James Douglas.

In ladies competition, Virginia Wynkoop won over Helen Axe and Emily Stephenson defated Virginia Hale.

The Country Club golfers bowed to Bellefontaine 22½ to 13½ in the inter-club match played here.

Bob Owens with a 76 and Dr. Jack Vornholt with a 78 were low for Marion. Eicholts had a 73 and Thompson a 76 for the winners.

—:—

THE TEAM OF Mr. and Mrs. Bob Owens and Mr. and Mrs. Bob LaMarche had the low gross in the twilight tourney. They totaled 51 over nine holes. Low net score was posted by the team of Dr. Dan Brickley, Mrs. Vie Williams, and Mr. and Mrs. Karl Knirk. A total of 34 couples took part in the tournament.

Class A winner in a medal play tourney Saturday was Warren Rowley with a net score of 67. Dr. Richard Morgan with 68 and John M. Dugan with a 71 trailed him.

In Class B, Dr. Brickley carded a 67. John Tjaden came in with 68 while Carl Danner, Bob Halderman and Bob Bagley all had 71's. Harold Grigsby went around in 69 in Class C.

Country Club pro Jack Stoddard reported that Mrs. Vie Williams posted a 48 over nine holes during the week, the first time she had broken 50.

Second hole in one at the Marion Country Club was reported today by club officials.

Dr. Richard Morgan made the shot on the No. 12, 145-yard hole, Wednesday.

Touring the course with him at the time were Dr. Dan Brickley and Carl Sheehe.

Sheehe recorded the first hole in one at the Country Club this year.

Southpaw Paul LaPalme, St. Louis knuckleball pitcher, likes to face the New York Giants. In 21 innings this season he has shut them out.

Easter's Blast Gives Senators Win Over Sox

By The Associated Press

Omaha snatched a second American Assn. game in a row from Denver Sunday night, 9-1, and moved into a tie for second place with the Bears. Al Worthington scored his 18th pitching victory of the season as Minneapolis defeated St. Paul, 9-3, to maintain its league lead.

One inning was enough for Louisville to defeat Indianapolis, 3-0, and Big Luke Easter's eighth-inning homer gave Ralph Birkofer and the Charleston Senators a 3-2 victory over Toledo.

Charleston's victory provided the Senators with a 3-1 series edge with Toledo. Easter hit the first pitch served up by Toledo's Charley Gorin in the eighth. In the top of the same frame, an error by Easter had paved the way for Toledo to tie the score at 2-2.

Easter's homer was his 27th of the year. Birkofer set Toledo down with four hits—three of them singles—in gaining his first victory since joining Charleston from Nashville of the Southern Assn.

Batting—Willie Jones, Phillies—Hammered a grand slam home run in the third inning to lead Philadelphia to a 6-4 triumph and a sweep of the three-game series with the Brooklyn Dodgers.

Pitching — Dick Donovan and Connie Johnson, White Sox—Donovan, only three weeks after undergoing an appendectomy, limited Detroit to eight hits in his 8-2 victory after Johnson had blanked the Tigers with a four-hit 2-0 triumph in the opener.

Football Officials Will Watch Movie

A meeting of football officials from this area will be held Tuesday night at 7:30 in Room 203 at the Marion YMCA.

The officials usually meet on Monday night but the session has been scheduled tomorrow in order to see a film from the office of H. W. Emswiler, Ohio high school athletic commissioner. The film is being shown by the OHHSA as a means of improving football officiating.

Bob Ferguson, spokesman for the group urged all registered grid officials to attend. He also asked any person interested in becoming an official to attend. He may be contacted at 2-3236.

Modern pitchers striving to win 20 games in one season should look back at Charles (Hoss) Radbourne who won 60 games in 1884 for Providence when that city was in the National League.

Trapshooters Open Drive for Title in 'Grand'

VANDALIA, Ohio (AP)—The 56th Grand American Trapshoot—world series of the clay target game—got under way here today with about 700 marksmen from all parts of the western hemisphere competing.

The day's program called for 200 targets at 16 yards during which several minor championships were to be decided. Among them were the husband-and-wife, parent-child and brother-and-brother championships and veterans' titles for men 70 and over and women 50 and over.

Another feature called for the women champions of the various states to battle it out for the champion of champions laurels in a shoulder-to-shoulder 100-target event.

Only a few of the 700 entrants were in the special races, the majority firing the 200-target pace as a tuneup for bigger events to come over the same route.

Tuesday brings up the class championships in which each entrant fires against opponents of comparable ability, and Wednesday offered the North American clay target championship, the big prize for the 16-yard gunners.

Herb Bush, 46-year-old diesel mechanic from Canton, Ill., was the only one able to break 200 straight Sunday as a heavy cross-wind made the targets do tricks.

Bush won the Dayton homecoming event—a 200-target race at 16 yards—competing against 422 early arrivals for the Grand American. That event wound up three days of preliminary firing.

Cliff Doughman of Morrow, Ohio had 199x200 to lead the professionals. One target behind him at 198 was P. J. Smith of Lakewood, Colo.

Fred Debell of Denver, Colo took second place behind Bush among the amateurs with 198.

X-RAY FOR CONLEY. Gene Conley, skyscraping six foot eight inch Milwaukee Braves pitching ace, gets set for X-rays of his ailing right arm by Milwaukee hospital attendant Jan Pautsch. Conley who has been sidelined with the bad arm, will undergo treatment to relieve soreness.

Hamilton Tops Field in Local Stock Car Races

Jim Hamilton of Richwood was the winner of the feature event at the Marion Speedway Sunday afternoon when a field of 20 cars was on hand.

Following Hamilton across the finish line was Bob Harris of Bucyrus in second place. Louis Aller of Marysville came in third, Todd Gibson of LaRue, fourth, and Chuck Long of Mansfield, fifth.

Aller took the checkered flag in the first heat race with Long and Carl Heffelfinger of Upper Sandusky following in that order. In the second race, it was Ralph Baker of Mansfield coming out on top with Dick Knight of Marion second and Dan Frost of Galion third. Ralph Jolley of Mansfield was leading the pack until the fifth lap when he plunged over the bank.

Hamilton showed the way in the third event with Harris chasing him in for a second-place finish and Ed Hendrickson of Richwood coming in third.

Hamilton came back to take the figure eight dash, finishing just in front of Chuck Frost of Marion and Heffelfinger. Gene Woods of Marysville came home first in the consolation race with Gibson and Harris finishing second and third.

Fair Display Tent Damaged by Fire

An estimated loss of $50 resulted to a State of Ohio display tent at the Marion County Fairgrounds at 9:09 a.m. Sunday. Marion firemen also made two inhalator runs over the weekend.

Defective wiring was blamed as the cause of fire to the canvas tent. Fire Chief O. A. Sifritt said Firemen from the Mark St. station answered this call.

At 4:46 p.m. Sunday the inhalator was requested for Mrs. Beatrice Richardson of 251 Fairview St., when she was suffering from a heart condition. The inhalator was operated successfully.

The inhalator was requested at 10 p.m. Saturday for Mrs. Ardella Swift of 888 Kenton Ave., but was not used since she was better when firemen arrived.

Local Insurance Men At Regional Conference

Two members of the Marion general agency of the Midland Mutual Life Insurance Co. participated in a regional meeting held Thursday through Saturday in Uniontown, Pa.

Lewis Ashworth, general agent, spoke on "A Full Day's Activity," and Agent Charles Robertson of Mansfield took part in a panel discussion on "Approaches That Are Working."

Other members of the local agency who also attended the meeting were Carl Simpson of Forest, Richard Frawley of Urbana, and L. K. McGinnis and Melvin Weston of Marion.

Rev. Olewiler To Speak At Rotary Club Meeting

Rev. Howard L. Olewiler, pastor emeritus of the First Presbyterian Church and a former member of the Marion Rotary Club, will be guest speaker at the Rotary Club's weekly luncheon meeting Tuesday at Hotel Harding. His subject will be "Breaking and Healing."

Until leaving Marion in 1954 to reside in York, Pa., Rev. Olewiler had been a member of the local club 26 years.

John Bartram, serving as club program chairman for the month of August, will introduce the speaker.

Columbus Jets Bow Twice to Buffalo's Team

By The Associated Press

When they get around to handing out rookie of the year honors in the International League, it will be impossible to overlook Jackie Brandt's credentials.

The Rochester centerfielder salvaged what seemed to be a lost cause yesterday with a last-inning, two-out, three-run homer to give Rochester a 12-11 victory over Richmond in the second game of a doubleheader. His leadoff round-tripper off Jim Konstanty in the seventh of the first game tied it at 1-1 and his mates went on to win it, 3-1.

Montreal jumped into first place with a pair of one-run victories at Syracuse, 2-1 and 3-2. The Toronto Maple Leafs fell ½ game back into second, losing 2-0 to Havana's Pat Scantlebury. The Leafs led 11-7 after 5½ innings of the second game, which was called because of a curfew.

The Buffalo Bisons opened a four-game spread between themselves and cellar-dwelling Richmond by virtue of 8-2 and 9-6 victories over Columbus.

J. W. Porter was the big gun in Buffalo's sweep of Columbus. Among his four hits were a bases-loaded double a three-run homer and seven RBI's. The losers' Russ Sullivan had a four-bagger in each game to bring his season total to 27, five behind the leader, Montreal's Rocky Nelson.

NFL'S Entries Show Signs of Improvements

By The Associated Press

Now that the National Football League teams are getting down to business it's beginning to look like the top teams of '54 are still tough and the weaker teams are starting to improve.

The mighty Cleveland Browns, after losing to the College All-Stars Aug. 12, came back to nip the Green Bay Packers 13-7 Saturday night at Akron, Ohio, while the New York Giants punched out a 28-17 victory over the San Francisco 49ers at Seattle.

Last year's lowly Baltimore Colts went on a rampage, trouncing the Ft. Belvoir, Va., Engineers 61-0 at Westminster, Md. and last year's western division cellar-dwellers, the Chicago Cardinals, downed their crosstown rivals, the Chicago Bears, 21-6 in Jacksonville, Fla.

Fred Morrison tallied the Brownie touchdown while Lou Groza kicked two field goals. The Packers scored in the opening quarter on Tobin Rote's quarterback sneak.

The passing of quarterback Don Heinrich and the running of chunky Bobby Epps carried the Giants to scores in every quarter while the 49ers were blanked through the second half.

Rookies George Shaw, Alan Ameche and L. G. Dupre led Baltimore to their first victory.

Fishing Trophy to Judge

PALATKA, Fla. (AP)—Putnam County Judge Causey S. Green won the Florida County Judges Fishing Trophy—but not for fish catching prowess.

The citation read "for the trouble you have had with monkey fishermen."

Putnam County waters have been plagued with monkey fishermen who use an electrical device to shock fish to the surface. Such a practice is against the law and Judge Green's calendar has been filled with such cases.

Palmer Proves Pro Status in Canadian Play

TORONTO (AP) — Arnold Palmer has proved himself a qualified member of the professional golf fraternity by winning the Canadian Open with a near record 265.

The 25-year-old pro of Latrobe, Pa., will play starting Thursday in the $26,000 Montreal Open. Palmer, who less than a year ago won the U. S. Amateur title, gained his first pro victory Saturday when he finished the 72 holes of the $15,000 Canadian Open with a 265.

The 265, 23 under par, was the second best in the history of the Canadian championship. The only lower score was the 263 put together by namesake Johnny Palmer of Baden, N. C., in 1952 at Winnipeg.

Palmer picked up $2,400. He entered the final round leading by five strokes and won with a four-stroke margin over Jack Burke Jr., of Kiamesha Lake, N. Y., and five over Freddie Hawkins of St. Andrews, Ill.

Franks Shatters 2 Pool Records

Two pool records were set by Marion's Stan Franks as the Marion Country Club bowed to Lima Shawnee in a return swimming meet there Sunday.

Shawnee defeated Marion 138-84 in the swimming competition and had a 283½-213 edge in diving.

Franks set the new marks in the free style and breaststroke events for 15 through 17-year-olds. He won the free style event in 1:13 seconds and the breaststroke in 1:4.4 seconds.

Dan Morgan, Tom Prichard, Joe Peacock, Joanne Fleming, and Nancy Waddell were winners for Marion in the free style events. In the backstroke, Bruce Kohler, Joe Peacock, Dan Davis came home first and local winners in the relay events were the boys and girls 12 and under teams. Team members were Prichard, Kohler, Bob Finney and Ivan Wellman and Kathy Casey, Barb Casey, Janie Krigbaum and Joan Fleming.

THE DANGER OF A HEARING LOSS

Why is it harmful to delay? If there is the slightest risk that the deafness is progressive, action must be taken to forestall social, temperamental and mental damage. Prevention is much easier and more effective than patching up after the worst has happened.

Americans' Tastes Differ

Beverage Survey Shows Varying Drinking Habits

By SAM DAWSON

NEW YORK (AP) — Seems the drinking habits of Americans aren't as uniform as are their TV-viewing or movie-going folk ways.

Tastes and indulgences—in entirely innocent forms of elbow bending, let's hasten to add—vary from section to section, and change markedly from year to year.

New Englanders are likely to inbibe more coffee, tea, fruit and vegetable juices in a day than any other variety of American. In the South they down more soft drinks, milk, and chocolate milk than anywhere in the land. Out West they drink more restaurant coffee per person. And in the Southeast instant coffee has its greatest appeal.

All this was gleaned from a "beverage survey." This is an age of surveys, with not even one's subconscious any longer private. So perhaps it's inevitable that a tally is taken of what liquid, and how much, Americans swallow on a "typical day."

With all surveys it's a wise idea to know for whom the poll-taker tolls and why. This look at non-alcoholic beverage quaffing was made by a professional firm for the Pan-American Coffee Bureau. And 8,000 persons were queried as to what, if anything, they'd had besides water the day before.

If you're wondering whether the survey was ordered because the importation of coffee beans fell off after the price went up a couple of years back, the bureau says, no, this is just the fifth in a series of beverage studies.

The Department of Agriculture, also curious about coffee drinking, chimes in with the estimate that this year Americans will buy about 15.7 pounds apiece—one more pound than last year but still one pound less than in 1953 before the price went up.

Since the coffee bureau's previous survey, a year ago, drinking of coffee in the home has gone up six per cent. The bureau reports that most cups per person are quaffed at home in the northwest central section: Minnesota, Iowa, Missouri, Kansas, Nebraska and North and South Dakota.

Droves of people apparently cut down on their drinking of coffee in restaurants. Consumption is off 22 per cent this year. One reason might be that while in 1950 only about one-third of the eating places charged 10 cents a cup, now three-fourths of them do—and some of the other fourth charge more.

Instant coffee continues to gain, with breakfast consumption now averaging out nation-wide at about one-sixth of a cup a person. The highest consumption, one-half cup a person, is reported in the Southeast—set forth in the survey as Delaware, Maryland, Virginia, West Virginia, North and South Carolina, Georgia and Florida.

New Englanders seem to have the greatest capacity and to favor more than one type of beverage each day. Of those interviewed 81 per cent had downed a cup or more of coffee the day before one half had taken tea; one half had fruit and vegetable juices; and almost as many had consumed milk or chocolate milk. Apparently they mix their drinks there.

Farm Home Hit By $6,000 Fire

Volunteer Department Praised in Fast Action

A fire of undetermined origin caused $6,000 damage to a Marion County farm home Sunday night, but quick action on the part of the New Bloomington Volunteer Fire Department was credited with preventing a complete loss of the home.

The fire was reported to the sheriff's office at 10:55 p.m. Sunday by city police. The blaze was at a house on the William Rush farm at State. Route 95 and County Road 84.

When firemen arrived at the scene, the southeast corner of the house was in flames. The firemen were able to quench the fire and prevent it from completely levelling the building.

Sheriff Glenn Obenour said the work of the firemen was 'outstanding." considering the extent to which the flames had spread before help arrived.

He said that if the men had come minutes later the house would have been completely destroyed by the fire, but no one was hurt.

Two Marion Men Enlist in U.S. Navy

Two enlistments in the U. S. Navy under the new Reserve Forces Act of 1955 were announced today by Chief Boatswain's Mate Raymond Romanowski, local Navy recruiter with headquarters in the County Courthouse.

Enlistees were Allan Leon Davis, 18, son of Mr. and Mrs. John Franklin Davis of near Marion, and Francis York Davis, 17, son of Mr. and Mrs. Fred York Davis of 287 Barnhart St.

Both young men enlisted under the new Reserve Forces Act last Thursday and are now undergoing nine weeks of recruit training at Great Lakes, Ill.

Allan Davis is the third member of his family in the service. Charles Eugene Davis, stationed aboard the USS Warrington, is now home on leave and John Edward Davis is stationed aboard the light cruiser USS Worchester.

Chief Romanowski pointed out that under the Reserve Forces Act, young men enlisting in the regular Navy and Naval Reserve will serve six year obligations instead of the previous eight year term.

Textile Union Strikes

CLEVELAND (AP)—About 1,400 newly organized employes of the Cleveland Worsted Mills Co. struck last night in a demand for higher wages. James J. Kennedy of the CIO Textile Workers Union, which recently won a NLRB election at the plant, said the employees were paid $1.40 an hour, and stated that is 50 cents lower than the average Cleveland wage.

Radio and Television

By JOHN CROSBY

Survey in Nairobi

NAIROBI, KENYA When I got my visa to come out here, a British consular official bubbled into the room with that peculiar effervesence that always enchants me about the English and asked: "What are you going to do in Kenya, old boy? No television there, you know."

JOHN CROSBY

Well, it's a good question and one I'm happy no one else has asked because I'm not sure I know the answer. Kenya does seem a long way to come to avoid television, which is one of my fundamental objectives on this vacation.

The sign at the airport says "New York 7,300 miles," but that, I suppose, is as the crow flies. (And, as someone pointed out, it'd be an awfully tired crow.) Actually the Scandinavian Airlines System doesn't fly anything like a crow.

We came by way of Copenhagen, which is a little like going to California by way of Nome, Alaska. At any rate, by the time you get here you are well aware of the fact that the world is not only very round but very large. There must be some closer place to get away from television, like maybe Greenland.

-:-

ACTUALLY, THERE is some tenuous connection with television to this journey. I am here with Martin Perkins, the animal aficianado of "Zoo Parade" and a party of 14 cameramen, writers, directors, producers and similar people. It is Mr. Perkins' aim to take color films of wild animals for next season's "Zoo Parade."

This is a splendid objective, animals being the least objectionable things on television and animals in the wild state being even more attractive than their captivated brethren.

NBC very kindly (I thought at the time) asked me if I'd like to go along. It wasn't until I was half way across the Atlantic that it occurred to me that this was the slyest trick to get me out of town that has ever been perpetrated. And then of course, there's always the vague hope that a Mau Mau or a rhinoceros might terminate my career permanently.

NBC has even rather hopefully insured my life for $25,000. Well, if anything should happen, I want that $25,000 set up as a trust fund to buy Pat Weaver a lifetime supply of bongo boards.

-:-

WHILE ANIMALS are Mr. Perkins' sole concern on this voyage, I have one small personal objective of my own. I wanted to find out what the local citizenry thought of Robert Ruark's book, "Something of Value," which seems to be sweeping the country. (Our country, not this one.)

The book contains some sweeping allegations about Kenya, and I was just curious to know what the residents of the place thought. In pursuit of this aim, I conducted a Crosby Free Wheeling Survey which is neither more nor less accurate than any other kind of survey.

My method is to start at one end of the room of a cocktail party and progress slowly to the other side, collaring every Briton I could lay my hands on and downing about one drink for every three persons interviewed. This method is not recommended for large surveys like the Gallup Poll but for small samplings it is the pleasantest way I know.

-:-

EACH PERSON WAS asked the same question: "What do you think of Robert Ruark's book, 'Something of Value'?" and the answers were some of the best one-line book reviews I have ever heard.

Said one tall genial colonial: "Cracking good book. Haven't read it, of course."

"Corking writer!" said another affably. Then after a moment's reflection. "Who?"

"Lot of tommyrot, isn't it? Fine writer, though. Great man on scenery, trees especially."

I find these short reviews especially piquant in view of the fact that nobody I talked to had read the book. In r. Ruark's defense it ought to be pointed out that his book only arrived in the local shops a week ago. I must go get it because I haven't read it either. I love to read about scenery, especially trees.

Galion Resident Fined, Jailed Following Brawl

GALION — In addition to fines and jail sentence on two charges as a result of a brawl in Galion Friday night, Edward Goney, 27, of Galion, will have to appear on a charge of resisting an officer.

Goney appeared Saturday morning before Mayor Francis C. Schalip and was fined $50 and costs on a charge of assault and battery, filed by Casto Brown of Galion, and $35 and costs on a charge of disturbing the peace charged by Kenneth Paul, proprietor of Pete's Place. He also was given a 30-day jail sentence on each count and each jail term was suspended with the exception of 10 days with provision that Goney pay the fines and costs.

Ike To Survey Flood Damage

Urges Nation To Back Red Cross Fund Drive

DENVER (AP) — President Eisenhower will make a six-state aerial inspection of eastern hurricane and flood damage Tuesday.

The President personally announced his plans to take a look at the damage which has taken many lives and caused much property destruction.

Eisenhower told newsmen he will leave Denver by plane and arrive in Hartford, Conn., to confer with E. Roland Harriman, chairman of the American Red Cross. Governors of the flood ravaged states also have been invited to attend.

Eisenhower appealed to people everywhere in the country to "pitch in and help" the Red Cross in a drive for relief funds.

The President had planned to leave Denver Tuesday morning for Washington. He is returning east to address the American Bar Assn. convention in Philadelphia Wednesday.

The flood damage situation caused him to change his plans, however, and advance his departure time to this evening so he can take a look from the air at the hurricane and flood destruction.

He will fly on to Washington after the Hartford conference, arriving there about noon and will keep his Philadelphia speaking engagement Wednesday.

Eisenhower plans to fly over stricken areas of Pennsylvania, New Jersey, Massachusetts, Rhode Island, Conneciticut and the Port Jervis area of New York.

After that survey early Tuesday morning, the President's private plane, Columbine III, will land at Bradley Airfield at Hartford about 8:30 a.m. EDT. The conference with Harriman and governors of the six states will follow.

Doris Day, Star Singer, Makes Good as Actress

By JAMES BACON
For Bob Thomas

HOLLYWOOD (AP)—In this ulcer-ridden town, it's always refreshing to talk to Doris Day, a girl with a great sense of humor and apparently not a worry in the world.

And the less she worries the more success she seems to have.

Eight years ago, Marty Melcher, then her agent but now her husband, took her to an interview with director Mike Curtiz. She already was a successful singer but band singers have a high mortality record in Hollywood

"I told Marty and Mike they were just wasting their time," she recalls. Curtiz signed her.

After a few pictures at Warners, mostly as the girl who swung on the garden gate with Gordon Macrae, she made the coveted list of the movies' top ten money-makers. Her entry into this aristocracy of filmland was so surprise to the Warners' accountants but it surprised the Bel-Air set.

Her career at Warners was based mostly on happy portrayals of the girl-next-door. Some eyebrows were lifted when MGM cast her as singer Ruth Etting in "Love Me or Leave Me," a highly dramatic role.

The girl-next-door had moved into a sexier neighborhood. The transfer went so well that critics talked of Doris as Academy Award timber.

But perhaps the greatest compliment of all came from director Alfred Hitchcock who is fussy about his feminine stars.

"I'd love to make a movie with you but I only make thrillers and you only make musicals." Hitchcock told her two years ago. Her answer was typical Day:

"Why don't you make musical thrillers?"

Earlier this year, Hitchcock came up with a thriller script that is not a musical but requires Doris to sing a couple songs. It is called "The Man Who Knew Too Much."

Doris plays a singer whose young son is kidnapped to keep her from telling what she knows of an impending political assassination. In the picture, she is married to Jimmy Stewart.

Hitchcock explained why he picked Doris:

"I knew this girl was a great dramatic actress even when she was emoting in fluffy musicals. 'Love Me or Leave Me' only confirmed my belief."

1955 Rehearsals Begun By Harding Band Group

Members of the Harding High School marching band started rehearsals today in the school's music room and on the campus. They will rehearse from 9 to 11 a.m. each day through Friday of this week in preparation for the 1955 football season. George Lane is the conductor.

Break-In Attempt Fails

An attempted break-in of her residence was reported to Marion police Sunday by Lila Wilson of 209 N. Grand Ave. She said someone tore the screen from a door sometime between 4 and 10 p.m. but failed to gain entrance to the house. She made the report to police at 10:27 p.m.

NBC To Film Fishing Stories For TV Series

By CHARLES MERCER

NEW YORK (AP)—It's a good bet that an NBC film series about two very human deep-sea fishermen will provide first-rate television entertainment this coming season. The fishermen are "Crunch and Des," a couple of the more appealing heroes of current popular fiction.

Philip Wylie, author of the popular Crunch and Des stores in the Saturday Evening Post, passed through town the other day after spending a while in Bermuda while the stories are being filmed. As both a writer and a fisherman, Wylie approves of the scripts and the technical accuracy of the fishing scenes.

Does the steady grind of writing in Coral Gables, Fla., leave him much time for fishing these days?

"Not nearly as much as I used to," Wylie says. "I got too crazy about game fishing. It was taking up all my time. One day I looked at a big blue martin and I thought, 'Why did I kill him?' I haven't done as much fishing since that day."

Readers can be glad he hasn't. The lives of two guys named Crunch Adams and Des Smith and the interesting people who went to sea in their boat are worth it. More than merely tales about fishing, the stories—and their TV adaptations — ask, in Wylie's words, "How do we do things in our human relationships?"

Caledonia Youth Facing Delinquency Count Here

An 18-year-old Caledonia youth was arrested Sunday night by the Marion County sheriff's office and charged with contributing to the delinquency of minors.

Gene Rice, 18, of Caledonia was arrested in a N. Main St. bar where he was playing pinball machines, deputies reported. With him were two other boys from Caledonia, 15 and 17 years old. Deputies said Rice told them he had taken the boys to the Marion County Fair, then to the bar.

The younger boys were released to their parents. Rice posted bond for his appearance in court at a later date.

Atoms-for-Peace Talks Stress Industrial Power

By FRANK CAREY
AP Science Reporter

GENEVA (AP) — Universally economical industrial power may not be just around the corner—but it's certainly on its way fast.

That is clear from reports and discussions at the atoms-for-peace conference which closed here this weekend after revealing much new information on the private life of the atom, and its uses and potentialities for industry, medicine and agriculture.

Cheaper Production Seen

The United States put a time schedule of "15 to 20 years" for the realization of atomic power generally competitive with orthodox fuels in that country, rich in conventional fuels and having relatively few transportation problems.

Canada said atomic power might be cheap enough for some of her needs in a decade. Britain boldly said that by 1975 she expected 40 per cent of her electric power to be furnished by nuclear energy.

And Russia said she would have "several hundred thousand kilowats" of installed nuclear power in operation by 1960, in addition to a 100,000-kilowatt plant to be completed within a year.

The need for atomic power obviously is greater in Russia, which has vast areas lacking in power fuels, and in Britain, which already is importing coal. The need for atomic substitutes for coal and water power is much less in the United States.

Praises U. S. Report

The United States reported its "package" reactor—a small, portable 2,000-kilowatt job—right now would produce power at less than double the cost of that from coal-burning plants of the same size.

The American report drew a bouquet from Homi Bhabha of India, the president of the conference, who said, "It appears that there are many parts of the world where power would be acceptable at this price and small package power plants of this type may have widespread use, especially in underdeveloped areas."

In his farewell address to the historic meeting, Bhabha said:

"One may expect that as a direct result of the information which has been available in this conference, many countries will review their future power programs, and this conference may therefore well lead to a very considerable acceleration of the rate at which atomic energy is put to use for power generation in different parts of the world during the next two decades."

U. S. Offers More

The United States clearly came out with more information on its reactor program than Russia did, giving virtual blueprints not only of government-sponsored projects but details on several projects American industry is undertaking.

But Russia did give the lowdown on its small-sized commercial reactor"The world's first."

One American delegate, who declined to be quoted by name, said that while "we are well ahead of the Russians from the point of view of having a greater variety of reactors . . . let's give the Russians their due: they got the first peacetime power unit to go into operation."

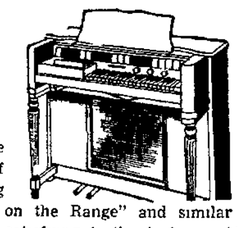
CHORD ORGAN



It's designed especially for those who want to play hundreds of beautiful pieces without learning music. So easy to play "Home on the Range" and similar pieces the first day . . . Yet so satisfying is the instrument that you never outgrow it. You play from easy to read picture music or standard music-in rich, beautiful organ tones. Try it today ! ! !

REX MORGAN, M.D. By Dal Curtis

THE TOUGHEST PART OF BEING IN A SANITARIUM, MR. YOUNG --- IS THE TIME ELEMENT!
AND THAT'S ESPECIALLY TRUE IN THE RECOVERY PERIOD, ISN'T IT, JACK?
YES, WHEN I FIRST CAME HERE AND WAS RECEIVING SHOCK THERAPY---
YOU--YOU HAD SHOCK TREATMENT, JACK?
YES, I HAD MY LAST TREATMENT ABOUT A WEEK AGO, MR. YOUNG!
BUT I THOUGHT THAT WAS GIVEN ONLY FOR THOSE PATIENTS WHO WERE---WELL--HOPELESS CASES! AND--AND THEIR MINDS WERE NEVER THE SAME AFTERWARDS!
I HOPE THAT'S TRUE! I LIKE TO BELIEVE THAT MY MIND IS A LOT CLEARER THAN IT WAS WHEN I WAS ADMITTED HERE TO THE SANITARIUM!

LAW WON ANYWAY

LOUISVILLE, Ky. (UP) — The city lost a $1 bet because a rookie policeman picked the wrong horse. Police, using the rookie as a decoy, raided handbook and arrested a bartender, who took the bet. The raid netted $105, scratch sheets and racing forms. But the rookie cop's horse ran out of the money.

STARE WINS

INDIANAPOLIS (INS) — Mrs. Alberta Woerner, a clerk at an Indianapolis furniture store outwitted a bandit with a stare. The robber seized $30 from the cash register while she was looking up a bill he owed. Outstared, the thief dropped the money and fled.

Johnny McCall, lefthanded pitcher for the New York Giants, was nicknamed "Windy" by Ted Williams of the Red Sox. The name has remained with him.

Cincinnati Host to Convention

GAR Descendants Keep Grand Traditions Alive

CINCINNATI (AP)—The Civil War was a live issue today in Cincinnati but partisan passion was not present. Rather it was a time for rekindling the "camp fire" spirit, for rededicating oneself to the ideals of freedom and union and for retelling the old, old stories of Civil War lore.

The occasion was the joint encampment of five groups affiliated with the Grand Army of the Republic.

The Grand Army itself no longer holds meetings—it's last survivor is 108-year-old Albert Woolson of Duluth, Minn.

Carry on Tradition

But the GAR's descendents carry on in the grand tradition, to keep the union spirit alive. The organizations are The Sons of Union Veterans, whose commander-in-chief, Maj. Gen. Ulysses S Grant III, is a grandson of the Union general; The Women's Relief Corps of the GAR, The Ladies of the GAR, Daughters of the Union Veterans of the Civil War and The Ladies Auxiliary of the Sons organization.

Bruce Catton, Civil War historian, said in a keynote speech last night that the nation unconsciously committed itself to the great ideals of freedom and union during the conflict.

Catton said:

"They are ideals that go much farther than people of that time dreamed. They got on and on, forever ahead of us, compelling us to live up to the infinite possibilities that are inherent in humanity itself."

Society Is Unit

Union, he said, is the idea that human society is a unit and that no man lives to himself alone and "that the things that bind people together are, in the long run, stronger and more sacred than the things that drive them apart."

Freedom is "something that goes all across the board, that knows no barrier of race or creed or wealth, that states explicitly the conviction that the right of every human individual to live in his own way according to the best there is in him is something which no society can take away from him," he said.

"These are the things that were won by the Civil War," the historian said. "And they were won for all of us—for the descendents of the men who wore the Gray as well as for the descendents of the men who wore the Blue.

"They go far beyond a single defeat of secession and an end to human slavery. They compel us, as Americans, to work eternally for a better nation in the future, and at the same time, they give us reason that that better nation can be attained."

Recalls Lincoln Stories

Catton recalled some of the Abe Lincoln stories and how Lincoln handled a few disciplinary problems:

"He once commuted the sentence of a man who had been ordered shot for running away in battle. This man, he said, was just a 'leg case'—a brave enough man, who unfortunately had cowardly legs which he could not keep from carrying him off to the rear when the bullets began to fly. Faced with one set of court-martial papers, he wrote out a pardon with the quizzical remark, 'I don't see how shooting this man is going to do him any good.'"

Hank Sauer and Ernie Banks are the only members of the Chicago Cubs ever to hit three home runs in one game

Floodlighted Safe Stolen From Window of Store

KANSAS CITY (AP)—Donald L Rudnick kept his safe in the floodlighted front window of his grocery, believing it was secure in such an exposed position.

However, he discovered Sunday that thieves had quietly rolled the 700-pound safe away during the night and replaced it with a cardboard box painted to resemble the safe.

He said the missing safe contained $1,974 and about $400 in checks.

Union Leaders Meet

ATHENS, Ohio (AP)—Union leaders from nine states and Canada go back to school here this week at the 10th annual summer school of the Ohio CIO Council, at Ohio University. Officials expect about 275 CIO members for the week-long leadership classes, from Ohio, Pennsylvania, West Virginia, Indiana, Louisiana, New York, Missouri, Illinois, Tennessee and Ontario, Canada.

We're slicing a melon with you...

1. You Get A Profit-Sharing Bonus On The Trade-In Deal
—because we've stepped up our allowances to an all-time high
2. You Get A Bonus In The Buy You Make
—because Buick is the thrill of the year in style, power, performance, value
3. You Get A Bonus On The Resale
—because a Buick always resells high—brings you more money when you trade it in

Bonus Beauty in Hardtops

Even the new hit in hardtops—the 4-Door Riviera—is included in our profit-sharing bonus deals today. Shown here is the 236-hp CENTURY 6-Passenger 4-Door Riviera, Model 63. Also available in the low-price SPECIAL Series as Model 43.

WHAT happens when a business has a really great year? A bonus is declared—right?

Well, sir—get set for a windfall, because this is more than Buick's greatest year. This is the *greatest*.

Not only is Buick outselling every car in America except the two most widely known smaller cars—but Buick is breaking every sales record in its history. Right now we're past the mark set in our best *full* year—and we're still going great guns.

So we're slicing a melon with you in the form of an all-out trade-in allowance—a profit-sharing bonus deal that beats even the big trades we've been giving all year.

After all, we've gone way beyond our expected volume—and can now afford to stretch our trade-in allowances to practically our break-even point.

And *that* puts you more easily than ever before in the driver's seat of the hottest-selling Buick in history . . .

The Buick with the boldest, freshest styling of the times—with the snap and ginger of record-high V8 power—with the level buoyancy of the all-coil-spring ride—*and with the electrifying performance of Variable Pitch Dynaflow,* world's first and only transmission using the switch-pitch principle of the modern plane's propeller.*

Better come in and visit us tomorrow—today, if you can—and see for yourself that the thrill and the buy and the deal of the year is Buick, hands down.

**Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series*

Typical of Buick Value is this Great Buy—

PTA Council Schedules Annual 'Tag Day' Event

The Marion City PTA Council, an organization of parents and teachers from all schools in the city, will hold its annual "tag day" sale Friday and Saturday, Aug. 26 and 27.

General chairman for the affair is Mrs. Donald Strickland of Silver Street School.

—:—

PROCEEDS realized by the Council during the two days will go into the organizations' welfare and shoe funds and toward School Boy Patrol work, teacher scholarships and the Dental and Hearing Clinic at Marion General Hospital.

Mayor Robinson has issued a proclamation designating Friday and Saturday as "tag days" for the benefit of the PTA City Council.

Workers from the various units of the PTA in the city will be at various places in the downtown area from 9 a.m. to 9 p.m. Friday and from 9 a.m. to 12 noon on Saturday to receive contributions.

In addition to the various unit presidents and other committee members, 10 workers from each PTA unit will assist.

Headquarters will be in the Marion County Commissioners office in the Courthouse where workers are to report to pick up tags and collection boxes.

—:—

SERVING on the general committee with Mrs. Strickland are Ray Silver, assistant principal at Harding High School; Arthur Burchette of Oak Street School; Joe Steerman of Olney Avenue School; William Dudley of Edison Junior High School; Floyd Hofacker, principal at Glenwood School; Melvin Burnow, principal at North Main Street School.

On the advisory committee are Robert S. Brown, superintendent of schools, Mrs. William Dudley, president of the PTA Council, Mrs. John Rinnert, Central District director, and Mrs. Smith Witter, state treasurer of Ohio Congress of PTA.

Presidents of the various units are: Mrs. Dorothy Beckel, Edison; Mrs. John Dunnan, Silver; Mrs. Floyd Hofacker, Olney; Mrs. Walter Sinden, Oakland; J. C. Ballinger, Oak; George Leonard, Mark; Carl Castle, Taft; George Stafford, Eber Baker; Robert Wilson, Glenwood; Rev. Frederick Leech, Vernon; John Guthrie, Pearl; Richard Lister, George Washington; Walter Osmun, North Main.

3 Escapees at Large

COLUMBUS, Ohio (AP) — Three escapees from the Columbus Workhouse were still at large today. Four others who escaped with them early Saturday were captured yesterday. Found sleeping in a moving van here were Robert Staley, 24, of Cove in Jackson County, and Virgil Van Hoose, 33, Columbus. Arrested by Massillon police were Henry Gonzales, 23, Mansfield, and Leroy Hoffman, 20, Columbus. The three fugitives still at large are Robert McDaniel, 28, Mansfield, Jack Devine, 21, Columbus, and Lawrence Sullivan, 35, of nearby Briggsdale. McDaniel eluded Massillon police when they closed in. The seven broke jail by sawing through dormitory bars.

News of Granges

BETHLEHEM

A literary program was in charge of each Grange family attending when Bethlehem Grange met Wednesday night in the grange hall.

The program included: piano solo, "Spider Dance," by Sherry Bender poem, "When Ma's Away," by Mrs. Lowell Beringer; piano solo, "Unchained Melody," by Jane Fogle; a song, "Don't Forget the Meeting Night," by all members; poem, "Little Things," by Mrs. Mildred Kaelber; slogan contest conducted by Mary Ellen Knappenberger; a "What's My Line" stunt presented by Mrs. Leroy Sharp, with Mrs. Esther Beringer, Paul Fogle, Mrs. Mildred Kaelber and Walter Bender taking part.

In the business session, members voted to contribute to the entertaining of national delegates by the youth. At the nex meeting, Sept. 7, election of officers for the new year will be held. An ice cream party will follow the meeting.

Sanitarium Inmate, 91, Held for Fatal Beating

SUNLAND, Calif. (AP)—A 91-year-old man was in jail today on suspicion of murder after his 88-year-old sanitarium roommate was found beaten to death.

Nurse Ethel Allen found the body of Gustaf Emil Elm Sunday. Police said Elm's head had been battered, apparently with a small kitchen stool.

Police arrested A. K. Baldwin, who said Elm had been bothering his wife. But police said Baldwin's wife died several years ago, before he knew Elm.

The first major league player to be drafted into the Army during World War II was H[illegible] Sulcahy of the Phillies. He was called March 8, 1941.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Traffic Cases In City Court

Twenty - six drivers were assessed a total of $535 in Marion Municipal Court Saturday on traffic charges.

Fined $100 and costs on a drunken driving charge was Dallas Easterday, 49, of Bucyrus. He also was sentenced to five days in the Marion County jail and his driver's license was suspended for three years.

Four drivers each forfeited $35 bonds when they failed to appear for hearings on various charges. The drivers and charges were: Paul R. Moore, 31, of Charleston, W. Va., driving left of center; Harold D. Collins, 28, of Wyandotte, Mich., driving left of center; Charles Bonnett of Parkersburg, W. Va., speeding, and Andrew Hensley, 34, of Ypsilanti, Mich., crossing over a yellow line.

Another driver was fined a total of $65 on two separate charges. Samuel R. Sizemore, 37, of New Boston, O., was fined $15 and costs on a charge of reckless driving and another $50 and costs on a charge of failure to obey a police officer's command.

Three drivers were each fined $25 and costs on different charges. They were: George B. Miller, 42, of Columbus, speeding; J. A. Wensinger, 21, of King Ave., failure to yield the right of way, and C. H. Dawson, 30, of near Delaware, failure to yield the right of way.

Each of the other drivers was fined $15 and costs on various charges. The charges and drivers were:

Speeding: C. M. Green, 53, of near Marion; L. D. Manning, 58, of Columbus, fine and costs suspended; R. L. Temple, 24, of Columbus; M. L. Henson, 30, of near Marion, and R. V. Frazier, 19, of Columbus.

Reckless driving: H. A. Beidelschies, 31, of Upper Sandusky, fine and costs suspended; Norman Harruff, 22, of near New Bloomington; C. W. Middleton, 22, of 603 Polk St., and Vernon Mabry, 24, of Smile, Ky.

Miscellaneous: Marion Rock, 46, of Columbus, driving left of center; C. R. Barnes, 33, of Willow Run, Mich., crossing over a yellow line; R. W. Freeman, 26, of near Marion, no operator's license; J. L. Musser, 19, of Tiffin, crossing over a yellow line; R. G. Chamberlain, 18, of 604 Irey Ave., insufficient brakes, fine and costs suspended; C. J. Taylor, 28, of Upper Sandusky, no mud flaps; Max H. Ogburn, 38, of near Lucasville, O., failure to register a motor vehicle, and William G. Dunn, 31, of 702 Wood St., driving with a temporary permit unaccompanied by a licensed driver.

District Traffic Arrests

Five persons were arrested outside of Marion County over the weekend by state highway patrolmen from the Marion post.

Persons appearing before Mayor Emery Murphy of Mount Gilead, with charges and dispositions, were: Nancy Derr of Lewistown, passing without assured clear distance, $10 and costs; Alfred H. Judson, 40, of Parma, passing without assured clear distance, $5 and costs; John C. Bruce, 23, of Evansville, Ind., and Marlin F. Deputies Arrest Driver

A Marion man was arrested Saturday night by sheriff's deputies and charged with drunken driving and driving with no operator's license. George Floyd of 1088 W. Center St. was arrested at 10:35 p.m. Saturday and posted bond for his appearance later in Marion Municipal Court.

Bats in the Belfry

DAYTON, Ky. (AP) — Police and church officials investigated a report that a man had set up housekeeping in the belfry of St. John's Episcopal Church. They found:

A bed made of linens taken from the altar, with kneeling pads from the pews serving as pillows; eight candles, also from the altar, stuck in niches in the stone wall, and tea, cheese and paper cups stolen from the kitchen in the basement of the church.

But the quarry had flown.

'Not Threat Originally Feared'

Space Experts Analyze Effects of Cosmic Rays

HOLLOMAN AIR DEVELOPMENT CENTER, N. M. (AP)—Cosmic rays may make your hair turn white, but they're not the outer space threat it was first feared, space medicine experts said today.

They said, "A traveler in the stratosphere should be able to perform duties in a normal manner with no serious after effects."

The announcement followed tests in Michigan in which live monkeys and rats were sent soaring for long periods in big plastic balloons 15 to 20 miles above the surface of the earth.

The balloons and techniques for testing the effects of cosmic rays —heavy particles of elements from the sun—were developed here and reported on by Maj. Davis G. Simons, chief of the space biology branch of the Aero Medical Field Laboratory here.

Live animals were placed aboard the balloons and sent to heights of from 90,000 to 120,000 feet above Sault Sainte Marie, Mich. Some of the animals were exposed to cosmic radiation at that height for as long as 35 hours.

Monkeys used in the test were observed closely before and after their ordeal, but they "behaved perfectly normally after two flights."

"After watching the exposed animals for six months following the experiments, scientists tentatively concluded that cosmic particles may have been overestimated as hazards to the nerve system, and that a traveler in the stratosphere should be able to perform duties in a normal manner with no serious after effects," the report said.

The only noticeable effect was that black-haired rats sometimes started growing white hairs after prolonged exposure to cosmic rays because of damage of the piercing ray particles to hair follicle pigment cells.

Club Picnic Planned

Plans for a club picnic in September were discussed when the Marion Kennel Club met Thursday at the West Town Bank. The members also discussed the annual dog show to be held later and discussed persons to judge the event.

4 Children Flee Theater After Molesting Attempt

Attempted molestation of four young children attending a movie was reported to police Saturday night. A 9-year-old girl said she and three other children ranging from 6 to 11 were watching the show when a man came and sat down beside them and began bothering her.

She said he talked mean and she and the other children got up and ran out of the theater. He followed them so they went to a nearby restaurant and called police. The man was described as being about 5-feet 8-inches tall and heavily built, with sandy colored hair and a mustache.

Unidentified Felon Robs Officer at San Quentin

SAN QUENTIN, Calif. (AP)—Prison Guard H. A. Bain was accosted Sunday in San Quentin's east cell block by a man with a pillow case over his head and a sharpened table knife in his hand. The man, presumably an inmate, forced Bain to surrender his wallet, containing $103.

The wallet and the knife were found in an unused cell block. The wallet was empty ... the knife void of fingerprints.

Children at Home To Entertain Other Youngsters From County

People in Marion County have been "awfully good" to youngsters in the Marion County Children's Home.

That's the way the Home folks feel about it, and to show their appreciation they have set up a picnic for all the children of Marion County who care to come.

It will be held Saturday evening, Sept. 3, from 5 to 8.30 p m.

Gene White, superintendent of the home, said there will be softball, volleyball, basketball, sack races and other fun events for the younger visitors, horse and pony rides, and many other games.

Later there will be a wiener roast.

The latter feature will be Dutch, though. Youngsters attending should bring their own wieners and buns, and wiener sticks.

Parents of the children are urged to stay for the party, too. White suggested that at least one adult plan to stay with each carload of children brought out

"Everyone has been so nice to us, that we want to do something for them," he said in announcing the picnic.

38 Per Cent POW Mortality

Disclosure that 38 per cent of the 7,190 Americans captured in the Korean war died while in enemy hands is the most shocking statistic to emerge from that most dismal of all modern wars.

It would be an easy explanation to blame the death of the 2,730 Americans on the intentional cruelty of their captors. But the explanation involves more than intentional cruelty.

Most of the Chinese and North Koreans who had anything to do with the prisoners had been taught by experience and propaganda to hate and fear white men and to want to humiliate them and degrade them, to prove the equality of Asiatics.

Even the minority that bore no grudge against Americans could not afford to be overtly humane under the circumstances. Furthermore, there is such a marked difference between diet sanitary practices in the Orient and the West that hundreds of American prisoners would have died from malnutrition and dysentary without any systematic cruelty on the part of their captors.

The "death marches" that have become a fixture of horror for Americans captured by Asiatics were undoubtedly intended to take lives. But the fact is that they, too, mark the gulf between Americans who ride, and Asiatics, who are accustomed to walk long distances.

When differences in living standards and customs are added to malicious cruelty against prisoners of war, the more advanced opponent is at a disadvantage. Americans and their U.N. allies in Korea had all the odds against them if they were captured by an enemy who recognized no obligation to keep them alive.

Irish Trouble Again

It takes a little adjusting to get used to the idea of Irish trouble again. But there is no doubt about the existence of the trouble — not when 50,000 British police and security agents are combing the British Isles to keep the Irish Republican Army from getting guns stolen from the English on Aug. 13.

The IRA, it will be recalled, wants to reunite Northern and Southern Ireland, the same as Syngman Rhee's firebrands want to reunite North and South Korea.

IRA is an illegal organization. But since everything about Irish independence has been illegal at one time or another, this is not an insuperable handicap. IRA red-hots can always bear in mind that their forebears stood up for Irish independence after the Easter rebellion of 1916, when a man's life might be the price of his convictions about Irish politics.

Trouble has been refined by Irish revolutionaries to a political science in the past, and revolutionaries are as typical of Ireland as shamrocks. It will be hard to remember they are not Communists in this case, nor bandits, not savages, but nationalists with a passion for waking up sleeping dogs and stirring up trouble. And they are not making it in Asia, or Africa but in Ireland, where trouble-making also is an advanced art.

Worth Taking Seriously

When the men in the Kremlin began to smile and show interest in the possibilities of co-existence, that could have been a trick to fool other governments.

Cautious officials and skeptics outside of the Soviet Union warned of this possibility. They adopted a wait-and-see attitude.

The most important thing that has been seen to date is a radical change in policy about telling the Russian people what is going on. The Communist dictatorship has reversed itself completely and reported fully the efforts being made to relieve war tensions.

The readers of Russian newspapers and listeners to Russian radio stations are being encouraged to relax their attitude of hostility toward the non-Communist world. Friendship among the people of all nations regardless of differences in their social and political systems is being encouraged.

The U. S. monitors who keep track of the official party line, as revealed in the controlled press and radio of the Soviet Union, no longer have any doubt that the Kremlin is on a new track.

When they begin to say at home what they say abroad, it is worth taking seriously.

No Straws in the Wind

For the first time in 27 years, there will be no special elections this fall to fill vacancies in Congress. Every member of the House and Senate came through this year's legislative session without running afoul of the Grim Reaper. There was an average of 10 deaths a year over the previous 26 years.

Sen. Long of Louisiana explains it this way: "This session was the most harmonious and responsible that I have witnessed. Personally, I believe that the lack of partisan tensions has played a real part in this record of survival."

All this imposes a hardship on political strategists, however. With no special elections, they will be hard pressed for "straws in the wind."

Stress Needed on Ideals

Turncoat Problem Shows Weak Spot

WASHINGTON — Every once in a while the American educational system gets rapped on the head for failing to give the youth of the country a sufficient grounding in democracy.

The latest rap comes from the special committee of government officials and retired officers which studied the problem of American prisoners of war captured by the Communists in Korea.

This committee blamed the armed forces for not preparing their men while in service for what they faced later when taken prisoner: the indoctrination and propaganda tactics of the Communists.

But the committee said:

"The prisoners of war (who were taken in by the Communists) had lost their battle before they entered the service. Good citizens —loyal Americans — the responsibility for their building lies with their home, the school, the church, the community."

—:—

THE COMMITTEE suggested government agencies get together with civilian educational institutions, churches and other patriotic organizations to provide better understanding of American ideals.

The committee frankly said the Communists "made fools" of some American POWs and "tools of others" with their indoctrination tricks and propaganda when they held up communism as the salvation of the world and Karl Marx as mankind's benefactor.

"Many of the POW's," the committee went on, "knew too little about the United States and its ideals and traditions. So the Chinese indoctrinators had the advantage."

Some of them, asked to tell what they knew about American politics and history. Found out their Chinese captors knew more; some didn't know what the Communist program was all about; some had never heard of Marx.

To set up a system of educating young Americans in democracy on the broadest possible scale — not only in college but in grammar and high schools — may call for the major overhauling in American education.

—:—

HOW CAN a young man be taught — not with cliches and slogans but with solid historical reasons— to prefer democracy to fascism or communism and be able to defend it?

Most students, somewhere between grammar school and college, get some instruction in political science. But that's machinery: how a government operates. The Americans teach one kind of political science, the Russians another.

But political philosophy — the story of man's struggle through the ages to shake off absolute rule by a king or group and stumble toward democratic rule — can give a youth a solid base for his preference for democracy by giving him a basis for comparison and an understanding of political opposites.

It seems safe to say a very tiny percentage of youths who go to schools in this country get a grounding in political philosophy.

Pioneer Spirit

By TRUMAN TWILL

Having developed a monster peeve against beard - growing, marking the coming of age of what formerly was the American frontier, I struck back at the growers savagely by showing up with a full head of hair yesterday.

"Anyone can grow a heard" I sneered, via a placard suspended from my neck. The beard growers were a contrite and silent lot. It is the truth. Anyone can grow a beard by merely letting his whiskers grow.

It may be a monstrosity, lacking both quality and quantity. It may look like the wisp on the tail of a disease-stricken buffalo. It may have no sheen, or be stringy and mousy. But it will pass for a beard.

It takes real application to grow a full head of hair. It takes the last full measure of devotion.

When I retired the night before the miracle, I was bald as a bald baby, which is a special kind of baldness. When I woke up the next morning, I was still bald. But the pixies and leprechauns had been busy while I slept. Hair was imminent.

Suddenly, it was in my possession. I walked into the gentlemen's meditation room without a hair on my head, so to speak, and came out fully haired over. Meditation had paid off.

There were startled glances and ohs and ahs of admiration and bafflement. The transformation was truly miraculous. Within 10 minutes I had met with and talked with a casual acquaintance who, believing me to be a stranger, inquired what had happened to Truman Twill, who used to work where I was working. When he was told that T. Twill had been sped on his way to greener pastures, he nodded his approval and was on his way, too —to spread the tidings.

As the day wore on and the temperature mounted, I missed the free circulation of air over the places where my dessicated hair folicles long ago fell into disuse.

I missed the pleasure of rubbing my scalp with my fingers while meditating on the whichness of whatness. I missed the privilege of moping my brow with uninhibited gestures.

Occasionally it was necessary to comb my thick mop of unruly hair, something I have done without for a great many years without missing it. But it was good again to feel the wind in my hair on the evening excursion out into RFD, to be obliged to reassure the watchful dogs that this was truly Old Master and not a haired-over movie fellow on location.

There were those who wanted to run through my hirsuteness barefoot, but this was discouraged; it was a momentary excess of feminine enthusiasm that could not be gratified.

There was earnest as well as playful discussion of the altered impression created by so simple a thing as the addition of a full head of hair where before had been but barren space. With one exception, everybody was for the transformation. The exception preferred bald men to haired ones —admittedly an off-beat girlish whim.

The whole thing was so ridiculously easy I cannot understand why beard growers think they have done anything noteworthy. Anybody can grow a beard. But it takes that old pioneer spirit to produce a full head of hair. Even the pioneers couldn't do that without the help of a wig-maker.

Rough Rabbit

GREAT BEND, Kan. (AP)—Timid as a rabbit

Mr. and Mrs. H. R. Copeland don't believe that time-worn expression any more. On a recent visit to the cemetery at Harper, Kan., they saw a cottontail run and jump into battle with a big snake that had caught a baby rabbit.

The grown rabbit kicked with its hind legs, several times was flipped head over heels, once was trapped with the snake coiled around its body. But the baby rabbit escaped in the excitement—and so did the cottontail, after kicking itself free and returning to the attack.

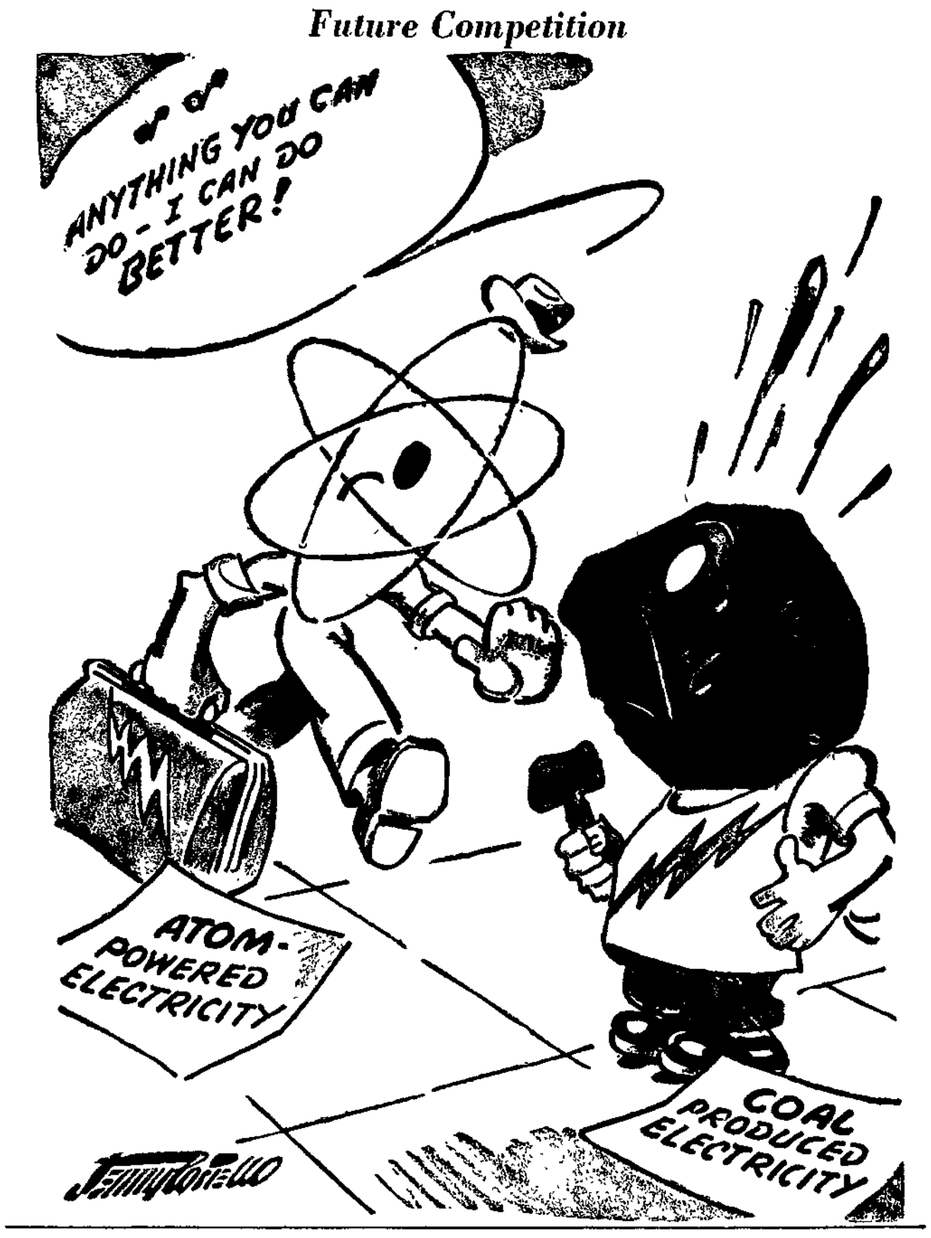
Future Competition



Running Against Hoover

By Raymond Moley

Apparently the Democratic party did not take Sen. Morse to its bosom. Morse took the Democratic party to his bosom.

For, more and more, the official propaganda of the party takes its text and supporting data from the torrential speeches of the Oregon magpie. The latest evidence is in the Democratic Digest, which charges that the Hoover Commission not only exceeded its authority but that the Task Force on Water and Power was "packed" because it failed to include in its membership representatives of the public-power bloc.

Let us examine the question whether the commission actually did exceed its authority.

Both Hoover Commissions were established by Republican Congresses; the first by the 80th, and the second by the 82nd. However, at the time when the first was created there was a Democratic administration in power and it seemed wise to limit the authority of the commission to a study of how the existing activities of the executive department might be more efficiently performed.

It was barred from passing judgment on whether activities should be vested in government at all. It was, in short, concerned with method and procedures, not policy. Its concern was with the how, not the why.

—:—

THE SECOND commission, which completed its job on June 30, was created by a Republican Congress during a Republican administration. It therefore could count upon, or it had reason to believe that it could count upon the full co-operation of the administration in efforts to abolish activities, not merely to make them more efficient.

Under the terms of the act creating the commission, it was declared "to be the policy of Congress to promote economy, efficiency and improved service" in government by seven specified methods.

Among these seven specified methods, the fourth and fifth definitely authorize the commission to enter the field of policy. They are:

4. Abolishing services, activities and functions not necessary to the efficient conduct of government;

5. Eliminating nonessential services, functions and activities which are competitive with private enterprise. . .

If these directives do not authorize the commission to consider and if necessary to recommend the elimination of anything which the executive department is not required to do, from maintaining a navy to the operation of a fish-hook factory, then the English language has lost its meaning

Task forces were created by this commission, as they were by the earlier commission, to explore certain fields of government, to gather facts and to make recommendations to the entire commission. They were not created as debating societies, as would have been the case with public - power zealots on the Task Force on Water and Power.

The job was to look into the activities of government in the field and to see whether some of the burden of government activities could be properly shifted to private agencies, and whether some of the great cost of government projects could not properly and safely be paid for out of private funds.

The commission did its job thoroughly and submitted a report in three volumes, comprising in all 1,783 pages. Hoover himself labored with his own hands for the greater part of a month reducing this long report to something more than 100 pages.

—:—

THE COMMISSION — or such members as were able to attend meetings — considered this draft, revised it to suit a majority, and then passed it.

It is very important to note that in its final passage it was supported by Democratic members of the commission. Therefore, then the Democratic Digest smears the commission report, it is hitting distinguished members of its party such as Sen. McClellan and Joseph P. Kennedy, who was Roosevelt's ambassador to the Court of St. James.

A careful examination of the report and recommendations show that the commission followed fairly well the various actions and statements of the President himself in the field of electric power.

The President once used the term "creeping socialism" in connection with federal power. The commission was less strong in its characterization, but it did emphasize the need to limit its competition with private business.

The commission heartily endorsed the President's partnership policy. It held, with the President, that existing projects should not be sold. And both stressed that the TVA should issue its own securities.

Any attempt to separate the President and the former President on the basis of this report is running against the record.

Move To Halt GI Housing

By JAMES FREE

A congressional move to call a halt to GI housing for World War II veterans has caused widespread behind - the - scenes alarm in housing and mortgage banking circles.

Chairman Oline E. Teague, of the House Veterans Affairs Committee has served notice quietly that he will fight extension of the GI housing program, which is due to expire for some 15,700,000 World War II veterans on July 25, 1957.

This wouldn't matter to the more than 4 million veterans who have already used their GI housing entitlement, or to the million or more additional veterans who are expected to use it in the next two years. Neither will it bother veterans of the Korean war, for their GI housing rights will continue until July, 1965.

But Teague's stand will be of considerable concern to the millions of World War II veterans whose GI housing entitlement likely will remain unused in these next two years. It will be of even greater concern to home builders and finance houses, who have come to count heavily on government - insured GI loans to finance new houses for veterans.

The terrific impact that GI housing has had on the home building market can be seen readily when it is understood that more than 12 billion dollars in VA-insured loans have gone into the housing construction business in the past decade.

Teague is well aware of the storm of protest that may result from any move to put an end to the GI housing program for World War II veterans. Yet he feels that logic and right favors just such a step.

The Texan has pointed out that:

1. GI housing benefits were part of the post-World War II Veterans rehabilitation program. This program included other benefits that have long since expired — things like mustering out pay, and unemployment pay. And GI educational training benefits for World War II veterans will end on July 25, 1956. This postwar rehabilitation emergency program, in Teague's opinion, certainly should be all over in another two years.

2. World War II now being over 10 years, Teague feels that any World War II GI's who have not used their housing rights in this decade surely ought to be able to join in a non-emergency housing program open to other citizens.

3. He feels that what began as a postwar emergency program for veterans has become a program mainly for mortgage bankers.

How far Teague will get with his controversial ideas about putting an end to GI housing no one knows at this point. What is certain is that, Teague, a rough - and-ready World War II combat leader who won 11 war decorations, will not be disturbed by the fireworks.

Educational TV

MEMPHIS, Tenn. —Kim Stoy, 2, doesn't regard the TV commercials as a nuisance. They taught him to read.

His father, police officer Frank Story, says Kim started out with such tough ones as hexachlorophene and chlorophyll. After that the little ones come easily.

Kim now reads almost anything. In off moments he amuses himself by identifying various makes of automobiles.

The youngster still checks the commercials but ignores the programs.

Like Starlings

ROANOKE, Va. (AP) — The starling, a European import, often is regarded as a nuisance in America, but not everyhwere.

Yvonne Worrell, 10, and Karen Rosendahl, 11, adopted two young birds which fell out of a nest. The starlings eat from their hands and ride on the backs of their pet turles.

Graves of Wrath

LEXINGTON, Ky. (AP) — Rabbi Albert Pappenheim got a little tired of repeated thefts of ceremonial wine from the Ohava Zion Synagogue.

After the second time someone broke into the synagogue to drink the wine, the rabbi was prompted to announce the congregation would use grape juice in the future.

Clock Watcher

SAN DIEGO, Calif. (AP) — A former navy man, Orin Benson, found that watching the clock was just what his new boss wanted.

He hired out to work with a motion picture cast, filming scenes of a movie called "Battle Stations" aboard the U. S. aircraft carrier Princeton. His job was to make sure that sequence and times matched in scenes showing clocks.

A cow was a New York Stock Market visitor this week in a stock promotion enterprise. . . It seemed almost as confused about what to do next as the brokers and customers. . . From the expression in its eyes it was impossible to tell whether it had just received a tip or had hastily acted on one. . . .We understand Bossie got out without any heavy loss, but on the other hand, made no killing. . . The critter was lucky to get out without a proxy battle, a plan to reorganize or a proposal to merge with other barnyard livestock "for purposes of diversification." . . . And there was no suggestion that it be split four for one. . . .We asked the cow concerning a rumor that it may give 100 quarts of milk per day in 1956 and got the terse statement, "While this information has been obtained from sources which we believe reliable, it is not guaranteed. This is for the record only and does not constitute an offer to buy or sell." . . .(We understand the cow is moderately bullish.)

TV'S "$64,000 QUESTION," a hit because of high quality questions and a complete departure from the run-of-the-mill quiz shows slipped badly. . . .It dropped from the realm of Shakespeare, grand opera and the Bible to spelling and cooking! ! !. The plunge from difficult questions about Holy Writ to "How do you spell taffeta?" and from "Where was Aida first produced?" to "What's the chief ingredient of a Welsh rarebit" was flabbergasting. . . . One contestant actually won $1,000 for "What is the name for the meat from a deer?" . . . (We fear the hour when somebody will get $16,000 for knowing in what country Napoleon's Tomb is located.) . . .The Dodgers will play some of their games in Jersey City next season because of more comfortable accommodations and better parking facilities . . . (Maybe the cocktail bar is going to cut out the olive from the martini.) . . . A stirring drama in itself is the story of Guy Bolton, a top Broadway playwright in the 20's, out of the picture for more than two decades, but now back with a bang in his later years. . . .He is off to Hollywood for a picture and will have a new play on Broadway this season.

WHY THERE ARE SO MANY diffident workers on all levels of life these days and why the boss seems hesitant to do much about it gets some explanation in a New England Compensation Commissioner's ruling that it is all right for the hired help to curse and abuse an employer and that he is entitled to full back pay if suspended or fired for it. . . .

A worker called a foreman a dirty liar and blitzed him with foul language, but the commissioner has ordered full compensation since the hour of dismissal on the curious grounds that abusive language is commonplace around shops and no employer or foreman should mind its application to him!!!! "Harsh words, like a chemical, must sometimes be used to clarify a murky situation," the commissioner declares.

County Mishap Saturday Night Hurts 6 People

Patrolmen Investigate Two Accidents; Police Report Four in Marion

Six persons were injured in one of two accidents investigated Saturday by state highway patrolmen.

City police reported four minor accidents over the weekend. All involved damage of less than $100, police reported.

The injury accident occurred at 7:55 p.m. on Route 23 north of Marion about one-tenth of a mile south of Route 231.

Earl W. Richards, 31, of the Veterans Housing project, was northbound and waiting to turn left into a state park when another northbound car, driven by Cecil Lee Marshall, 29, of Columbus, struck his car.

Jane Richards, also of the Veterans Housing project', sustained a sprained neck and was treated and released at Marion General Hospital, where she was taken in a Gunder ambulance. Harold R. Conley, 33, of 142 Court St., sustained bruised knees.

Another passenger in the Richards car, Clifford Drake of 359 Glad St., was treated Sunday at the hospital for bruises and abrasions.

Marshall sustained a bump on the forehead, and Patricia Marshall, also of Columbus, sustained a bruised left elbow, and 7-year-old Cathy Marshall, a bruised nose and face.

Both vehicles were considerably damaged and had to be removed by wreckers. Marshall was arrested on a charge of unsafe operation and is to appear in Municipal Court Saturday.

Carl E. Scheitler, 22, of 413 Lee St. escaped injury Saturday when his car, which stalled on the Garden City Pike crossing of the Chesapeake and Ohio railroad, was demolished.

Scheiter told investigating patrolmen he first tried to push his eastbound car to safety, but abandoned it when he saw an approaching northbound train. Engineer of the train was Paul H. Brohard, 56, of Columbus.

The accident occurred at 5:40 p.m.

Saves Own Life

L'ANSE, Mich. (UP) — Mrs. John Brogan donated a pint of blood to the local blood bank.

Several days later she was injured seriously in a traffic accident and a transfusion was necessary to save her life. She received the same blood she had donated.

Dr. John Strobe said the coincidence was decidedly rare."

Leaves Marion Star

John Zollinger Named To Ironton Tribune Post

John K. Zollinger of The Marion Star display advertising department has been named advertising manager of The Ironton (Ohio) Tribune, effective today.

The appointment was announced by G. Gordon Strong of Canton, president and general manager of Brush - Moore Newspapers, Inc. Both the Star and Tribune are members of the Brush - Moore group.

A native of Piqua, O., Zollinger attended public schools there and was graduated from Miami University in 1942. He served three years in the U. S. Army Air Corps during World War II and was released from active duty in 1945 as a first lieutenant.

Following his return to civilian life, he joined the display advertising staff of the Sidney (Ohio) Daily News. Zollinger was later appointed advertising manager of the newspaper.

He left Sidney in 1954 and for a brief period was advertising manager of the Daily Bulletin at Endicott, N.Y. He joined the display advertising department of The Star in November, 1954.

Mr. and Mrs. Zollinger and their three children—Jack, 7, Robert, 5, and Mary Ann, 2—have resided at 253 E. Walnut St. in Marion. Zollinger left Marion Sunday and his family will join him in Ironton as soon as housing arrangements have been completed.

34,169 Families Are Routed by Floods, Red Cross Reports

WASHINGTON (AP) — The American National Red Cross said today an incomplete survey shows 34,169 families were routed from their homes by flood waters in six Eastern states.

The survey showed 439 homes entirely destroyed and nearly 14,000 damaged.

The Red Cross said the health problem in Pennsylvania was complicated by thousands of dead chickens and many head of livestock, drowned as the waters rose. Scranton, Pa., had an acutely serious water problem. Water was being supplied at street corners from 17 Army canvas tanks, each holding 3,000 gallons.

A Red Cross survey of the summer camp area in hard-hit northeast Pennsylvania showed children in 43 camps were safe with adequate food and water supplies.

The Red Cross has established headquarters in New York City for flood relief. It announced Sunday it was making an initial appropriation of two million dollars for preliminary phases of its flood relief operations and issued an appeal for contributions.

Harvester Co., UAW Continue Contract Talks

CHICAGO (AP) — With nearly half of International Harvester Company's 40,000 CIO United Auto Workers employes idle in unauthorized walkouts, bargaining talks continued today.

Although the union's strike deadline at 12:01 a.m., Tuesday, seven of the company's 18 plants already are shut down by early work stoppages involving 19,133 employes. approximately 21,000 other UAW members reported for work as usual today.

Negotiators met in joint sessions Saturday and Sunday. The bargaining committees of both sides worked nearly around the clock on portions of their programs. A joint session was set for 1 p.m. EST today.

A hint of tough bargaining attitudes by company and union was given by Ray Shetterly, assistant director of the UAW's Harvester department, who told a reporter, "I am concerned.

"I don't see any chance for a peaceful settlement unless the company changes its attitude on some issues."

He declined to say which points of differences were snagging the negotiations.

Harvester negotiators declined comment on details of the talks.

Cleveland Man Named To Ohio Tax Appeal Unit

COLUMBUS, Ohio (AP) — Gov. Frank J. Lausche today appointed Edwin F. Sawicki, 45, of Cleveland Heights, to the State Board of Tax Appeals.

The governor recently appointed his executive secretary, Joseph H. Scanlon of Cincinnati, to the board, but announced Scanlon instead would remain in his former post. Lausche said he eventually will appoint Scanlon administrator of the Bureau of Workmen's Compensation, a new office created by the last Legislature.

Many airplane parts are now made of compressed glass fibers and manufacturers say their use probably will be extended.

Spot Strange Subs

STOCKHOLM, Sweden (AP) — The Swedish navy said today that a Swedish freighter spotted three unidentified submarines off the east coast of Sweden. It was the seventh time this summer that unidentified foreign submarines have been sighted in Swedish waters. Each time the Soviet Foreign Office has denied that the subs were Russian.

ANNOUNCEMENT is being made of the engagement and approaching marriage of Miss Annabelle Young, daughter of Mrs. June Young of 268 Cass Ave., and Curtis L. Mayer. He is the son of Mr. and Mrs. Orville Mayer of 805 Wilson Ave.

The couple has chosen Saturday, Sept. 17, as the date for their wedding which will take place at 7:30 o'clock in the evening in Forest Lawn Presbyterian Church. Rev. Floyd E. Kline, pastor, will officiate for the double ring ceremony. The custom of open church will be observed.

Miss Young was graduated from Harding High School with the class of 1952 and is employed at the Marion Engineer Depot. Her fiance, a graduate of Mount Vernon High School, Mount Vernon, O., in 1950, is a student of engineering at Ohio State University, Columbus. He is a veteran of four years' service with the U. S. Navy, seeing overseas duty in the Pacific area.

—:—

Mrs. Lamoyne Green of the Williamsport Rd. will be hostess for a meeting of the Good Earth Unit of the Marion Garden Club Tuesday evening in her home. For roll call the members will give an original jingle and the program will include slides on the June flower show with criticisms. The program topic will be "English Gardens." Associate hostesses will be Mrs. Elwood Parrott, Mrs. L. M. Lessley, and Mrs. Sheldon Dodds.

—:—

First dance of the 1955-56 season for members of the Promenaders Square Dance Club will be held Tuesday evening in Whetstone Grange Hall. Dancing will start at 8 o'clock.

—:—

When members of the Les Amies Club met Wednesday evening the hostess was Mrs. Lillian Connolly of east of Marion. Miss Mary Mahaffey, vice president, presided for a brief business session and devotions were by Mrs. Stella Baker. Plans were discussed for a rummage sale in the near future, with Mrs. Ethel Marie Shroats as chairman of a committee in charge of arrangements. Prizes were won by Mrs. Helen Little, Mrs. Ruth Aiken and Miss Martha Loyer. Refreshments were served. The club will meet Sept. 14 with Mrs. Helen Watson.

—:—

Mr. and Mrs. Loren L. Dennison of near Marion are announcing the engagement and approaching marriage of their daughter, Mary Lee, to Robert M. Combs of Delaware. He is the son of James M. Combs of Centerburg, O., and the late Mrs. Combs. The wedding will be an event of early September.

Homer Hobbs, new head football coach at Furman, is a former pro player with the San Francisco 49ers.

Lodge Activities

Past Presidents Club of Lodge No. 79, Ladies Auxiliary to the Brotherhood of Railroad Trainmen were entertained Wednesday evening at the home of Mrs. Michael Moran, 455 Oak St. During a short business session Mrs. Ray Wilson, president, named Mrs. Fred Moore chairman to plan for the observance of the eighth anniversary of the club at the next meeting, Sept. 14. Hostess will be Mrs. Fred Saull of Catherine Ave. The evening was spent socially and Mrs. Wilson entertained with a reading. Lunch was served.

—:—

Frank Hammond and Fred Moore were elected delegates to the national convention to be held in Long Beach, Calif. in September, at a meeting of Marion Camp No. 32, United Spanish War Veterans, Friday in the Grotto Hall. The veterans joined Betsy Ross Auxiliary for a dinner at noon.

Mrs. Blanche Morrison, president, was in charge of a brief business session for members of the auxiliary. At this time a contribution of $15 was made to the memorial to be placed in the rotunda of the state capitol in memory of the late Judge Edward Mathias. A veteran of the Spanish War Judge Mathias was a past commander of the state and national United Spanish War Veterans.

Plans also were discussed for a district meeting to be held here Oct. 21. Mrs. Mary Haley of Marion is district president.

Prayer closed the meeting. In September, an all-day meeting will be held with Mrs. Heiser on E. Farming St.

Weddings

The wedding of Miss Martha E. Weimer and William B. Bain took place Wednesday afternoon in Trinity Evangelical and Reformed Church in Loudonville. The ceremony was followed by a reception in the home of the bride's parents, Mr. and Mrs. William Wolfe.

The bridegroom is the son of Mrs. W. Grant Bain of Millersburg and the late Mr. Bain, former residents of Marion.

Upon their return from a wedding trip to Florida the couple will be at home at 408 Roosevelt St. in Bloomington, Ind. after Aug. 29. The bride was an instructor of English in the Mansfield High School. Mr. Bain is assistant dean at Indiana University in Bloomington.

Attending the wedding were Mrs. Blanche Miller of San Angelo, Tex. and Miss Nellie Bain of Baker St.

Old Favorite Is Picked by Younger Set

Corduroy Coats, Gowns, Skirts Rate High in College Fashions

By The Associated Press

In the welter of new miracle fabrics, born in test tubes and designed to withstand soil, water, pests and wear, a few old-fashioned favorites still hold their own.

Cotton, wool, linen and silk still are very much evident in the current fashion scene. They come in new weaves, finishes and patterns, it's true, but the basic ingredients are the same as they were in grandmother's day.

School boys and girls for generations have been partial to corduroy, because it's husky, comfortable and washable.

Corduroys of old were rather stiff and heavy and likely to produce a whistling sound when schoolboys wore their cord slacks or knickers.

All that is changed today, when corduroy is made in fine - wale, lightweight versions for party dresses, when it comes in every color of the rainbow plus many unusual prints, when it also is made in wide-wale weaves for jackets and coats.

For the high school and college set, corduroy jackets, jumpers, dresses, shirts, slacks, skirts and shorts are slated to rate high in popularity.

Shirts in printed plaids are tops with the boys, girls like date dresses in the new high colors such as shocking pink.

Even in its new high - style versions, cotton corduroy retains its old-fashioned virtues — wears like iron and goes happilyinto the family wash.

CAMPUS CHOICE. Both guys and dolls in the young crowd wear wide-wale corduroy jackets this fall. Here the boy friend wears beige sports coat with leather buttons and collar. His date is smart in an avocado green jacket and camel skirt.

9,000 Men on Job

New York Housekeeping Costs About $61 Million

NEW YORK (INS) — The cost of living these days has nothing on the cost of disposing — take the New York City's Sanitation Department's word for it.

The big city's cleanup squads have to pick up and dispose of five million tons of garbage from 40,000 miles of streets with 9,000 men working around the clock.

The bill runs to 33 million dollars a year solely for the collection of the garbage by a fleet of 1,200 trucks, including 900 of the newest "compactors" and another 15 million dollars to dispose of it in incinerators, landfills and marine reclamation projects.

—:—

THIS COST doesn't include the administrative force, the engineering surveys, or the 1,200 foot "shovel and pail" men or mounted machine sweeps who every 365 days remove 500,000 tons of dirt and litter.

The total budget of the giant housekeeping operation is 61 million dollars annually for an average of $8.00 for every person in New York.

But the Sanitation Department has an advantage over the housewife — not only does it have an "army" but it also has a "navy."

The "navy" consists of tugboat pilots, mates, engineers, oilers, deckhands, scowmen, dispatchers and other personnel. They operate three tugs, 40 barges and ten waterfront transfer stations which last year participated in many land reclamation projects along waterfronts.

If a woman's work is never done, neither is that of a sanitation department, and comes cold weather they have a new set of problems—for instance, picture your snow removal job multiplied by millions.

Twenty - four hundred snow plows, 191 snow loaders and 111 sand spreaders make up the Sanitation Department's task force, ready at a moment's notice to attack snow accumulations.

—:—

LAST YEAR the department used that common household item, salt, to the tune of 15,000 tons to remove snow and facilitate progress of traffic. The total cost of snow removal came to over a million dollars.

Home parties can cause a mess, but it's a minor matter compared to what happens to the world's largest city after a parade. Last year New York had 30 major parades and when the last strains of music were heard, 962 cleanup men using 265 pieces of equipment moved in and removed 168 tons of confetti, streamers and other waste.

Statisticians say their biggest mop-ups follow Memorial Day and Armed Forces Day festivites.

Gen. Douglas MacArthur holds the record for causing confetti-trash to line the streets — after his 1951 reception by New York 3,249 tons of debris were removed.

Some people burn their garbage — well, the City of New York spends eight million dollars a year to burn about 30 per cent of its refuse output, and it employs 1,600 persons to do it.

Added costs include such items as nearly five million dollars for gasoline, motor oil, hydraulic oils, transmission and chassis grease annually to "feed" the ever - hungry garbage trucks.

And the Department of Sanitation uses nearly 600 miles of telephone lines, 67 switchboards, 773 telephones and 68 teletype stations to carry out its housekeeping chores, which not only keep the city clean-looking, but also aid in preventing outbreaks of many diseases.

County Woman Suffers Shock After First Flight

High places are very frightening for some persons.

This apparently was true for a Caledonia woman who decided to take an airplane ride at Marion Municipal airport Sunday afternoon.

City police and sheriff's deputies were called to the airport at 4:11 p.m. after the woman became so frightened over her first ride that she developed a state of nervous shock.

A Hughes ambulance was called to the scene and she was rushed to General Hospital, where she was treated and released.

Dangerous Line

DIAGONAL, Ia. (AP) — Ronald Beemer stepped out of his car to watch a small plane spraying crops. The plane's landing gear caught and broke a wire. About 300 feet of the wire whipped around and around Beemer and his car.

He had numerous deep cuts and welts and he estimated damage to his car at $200 to $300. The airplane apparently was not damaged. It kept on going.

Poor Advertising

TALLAHASSEE, Fla. (AP) — The Tallahassee board of realtors has asked brokers to stop putting for sale signs on houses they're handling. The signs, the board said, lessen confidence in property values and give visitors the impression the city isn't a desirable place in which to live.

2 Marionites Complete Auctioneering Courses

Two local men have retufned from Decatur, Ind., where they graduated from the Reppert School of Auctioneering.

They were James M. Lightner, son of Mr. and Mrs. John R. Lightner of Bellefontaine Ave., and James A. (Art) Snyder. Lightner will be associated with his father and Leonard Wilson, owners of Rhondo's Auction Co.

The school teaches every phase of auction work and was established 34 years ago by the late Fred Reppert, known as America's greatest auctioneer.

Garbage Hauler Fined

Archie T. Christian, 38, of 318 Davids St. was fined $15 and costs in Marion Municipal Court Saturday on a charge of hauling garbage over city streets. He was arrested by City Police. City ordinances make it illegal for any private hauler to transport garbage within the city limits.

Two Tires Stolen

Theft of two automobile tires from the McDaniel Motor Co. display room on W. Center St. was reported to Marion police Saturday night by John Dean, an employe. He said the tires were taken sometime after Friday night. No value was listed for the stolen tires.

Train Develops Trouble, Local Crossings Blocked

Grade crossings of the New York Central and Erie Railroads were blocked from N. Prospect St. east to beyond Lincoln Ave. early this morning when an eastbound New York Central train apparently developed mechanical troubles.

Local officials of the two railroads said they knew of no reason for the stoppage of the eastbound train but it was understood that a preceding train was forced to stop near Pole Lane Rd. to check on a possible hot box on one of the cars. This made it necessary for the following train to stop before it cleared the downtown section.

City police said train crewmen cut the second train at Greenwood St. to let traffic through. The trouble was apparently cleared up shortly after 7:30 p.m. when both trains moved on, police said.

Education Conference Slated For Marion County on Sept. 10

A meeting will be held Sept. 10 at the YMCA by lay persons interested in education in Marion city and county for a discussion of the program of the annual White House conference on Education.

The White House conference will be held in October at Columbus. The meeting here next month will be to discuss the role Marion County will play in the discussions of that gathering.

D. T. Mills, county superintendent of schools, has been appointed spokesman for the Marion County activities of the conference.

He said this morning he has asked each of the local boards of education in the county to ask one persons in each district to attend the meeting Sept. 10. Robert S. Brown, city school superintendent, is to appoint a representative for the city.

Mills said the meeting will not include teachers or principals of schools, but will be for the lay persons of the county.

Speaker at the meeting will be John Herrick, executive secretary of the committee on education for the Ohio White House Conference. He will help the group draw up a list of problems to be presented at the state-wide conference.

Mills said the group may appoint a delegation to attend the Columbus session.

Purpose of the conference is to stimulate citizens to study school problems in their own counties, to report to President Eisenhower on the problems and to recommend solutions to the problems.

Delegates to the Columbus conference will select a group to represent Ohio at a national White House Conference in Washington later in the year.

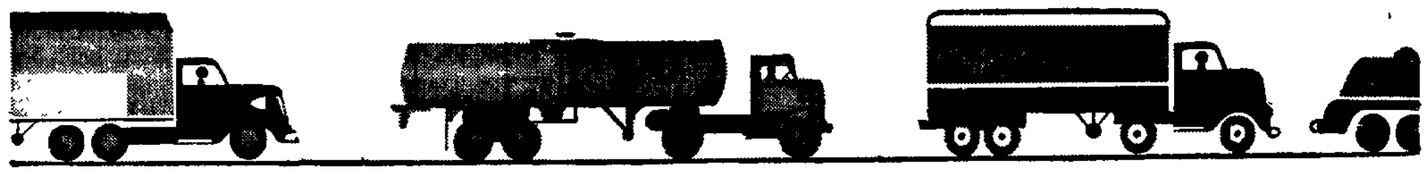
The American People should have as many forms of transportation as they need and can economically use.

All forms of transportation should be kept healthy and efficient through the play of fair and equal competition among them.



When they are hampered by outmoded regulation—as some, including the railroads, now are—progress and the public both suffer.

Prompt action to improve this situation—as recommended by the President's Cabinet Committee—will benefit the entire nation.
